ITALIAN LINE HOLDS AGAINST FIERCE AUSTRIAN ATTACKS

Teuton Generals See Only Chance For Gains Across Piave River—British and French Troops Under Heavy Bombardment.

Fierce attacks are being made by the Austrians to overcome the Italian resistance along the Piave, but the defensive line still holds.

FOE'S ONLY CHANCE ON PIAVE.

Apparently the enemy sees his only hope of success in enlarging his gains across the Piave, having been given a disastrous check in the mountains from west of Asiago to the Piave.

In the mountains the Austrians have been generally on the defensive since they were checked and then thrown back over the terrain gained Saturday in the first day of the offensive.

SHELL ALLIES AROUND ASIAGO.

The French and British around Asiago are under a heavy enemy bombardment, and the French Tuesday repulsed a strong local Austrian effort. Along the Valsuganna and against the Bastion of Monte Grappa, the enemy holds further attacks in abeyance.

HUN GAINS ON PIAVE LINE.

Along the nearly thirty mile Piave line the situation has not improved greatly from an allied viewpoint. Where and in what force the enemy has crossed the river and how he has progressed into the Venetian plain are not outlined clearly but apparently the Italians have given more ground in the north around Montello and on the south of Capo Sile.

TRY TO CAPTURE HEIGHT.

From their foothold on Montello, an important plateau three by eight miles in extent which dominates the country between Bassano and Treviso, the Austrians are making violent attempts to drive the Italians off the height entirely, while the Italians are fighting just as determinedly to keep the enemy close to the river bank. The fighting the past two day has been favorable to the Italians. In the center from Macerada to Fossalta the Austrians are being held well in check.

Seemingly the Austrians have pushed back the Italians several miles between Fossalta and Capo Sile and along the Fossetta canal which runs southwest toward Venice. Capo Sile is in the lowlands along the Adriatic, but if the enemy reaches the Fossetta canal to the north, he would be on drier ground and better able to push toward Mestre and outflank the line northward along the Piave.

The Germans apparently are waiting results on the Italian front before resuming the offensive in France and Flanders. If the Germans expected that the Austrians would advance and compel the Allies to send reserves to Italy and thus weaken the western front, they will have to change plans based on such anticipations.

Local attacks and intense artillery fire here and there mark the lull on the line. The French and British have improved their positions at isolated points between Rheims and Ypres.

The German artillery fire has increased in intensity from northwest of Montdidier to the Aisne.

German patrols have been active against the American positions along the Marne, but their efforts to penetrate the American lines were repulsed. One enemy patrol was almost wiped out by the American machine gun fire.

GERMAN BAN ON EMIGRATION

Washington, June 19—Consideration in Germany of legislation to prevent emigration after the war to evade payment of the heavy taxes already is being considered, according to information reaching the state department. Enactment of a law requiring persons liable to personal taxes to leave 20 per cent of their taxable property in Germany in event of emigration has been proposed.

The bill as drafted, according to the Norddeutsche Allgemeine Zeitung, provides that persons who have hitherto had their permanent resident in Germany shall be liable to payment of personal taxes and state and communal taxes for a period of five years after the conclusion of peace. The penalty for tax evasion through emigration is fixed at deprivation of nationality, which however, can be restored later by voluntary payment of the taxes due.

17 MILLION LOAN TO TRANSIT CONCERN

Washington, June 19. — A direct loan not to exceed $17,320,000 to the Brooklyn Rapid Transit company, has been approved by the war finance corporation. Conditions under which the advance will be made has not been made public.

AUSTRIA'S GRAIN SUPPLY EXHAUSTED

London, June 19.—Austrias grain surplus have completely run out and such food of this nature as she is getting is coming from what Germany has allotted to her from the Ukrainian supplies, according to indication. In a Copenhagen dispatch to the Exchange Telegraph company.

This message quotes an interview with Herr Paul, the Austrian food minister, obtained by the Vienna correspondent of the Berlin Tageblatt in which the minister confirmed the news of the recent reduction in the Austrian bread ration. This, he said, was due to insufficient supplies from Bessarabia and Hungary.

The entire 1917 harvest from these sources had been distributed and consumed, the minister stated, and the Roumanian harvest had also been used up.

EXPRESS MONOPOLY OFF AFTER WAR

Washington, June 19—The express monopoly created under government auspices must be dissolved after the war emergency is past under provisions of the contract signed today by representatives of the express companies and the railroad administration.

This provision, inserted on demand of Attorney General Gregory, will require re-establishment of the Adams, American, Wells Fargo and southern companies as separate operating and competing units when peace is restored unless anti-trust laws are amended by that time.

It is expected the Western, Great Northern and Northern Express companies will be included in the new operating company before the combination becomes effective July 1.

FIX MAXIMUM NEWSPRINT PRICES

Washington, June 19. — Maximum newsprint paper prices were fixed today by the federal trade commission, in accordance with an agreement between the attorney general and manufacturers of the United States and Canada as follows:

Roll news in car lots, $3.10 per hundred pounds.

Roll news in less than car lots, $3.22½.

Sheet news in car lots $3.50.

Sheet news in less than car lots, $3.62½.

Under the agreement the prices f. o. b. mill are retroactive, taking effect April 1, 1918, and standing until three months after the war ends. Ten companies participating in the agreement, three American and seven Canadian.

American manufacturers, parties to the agreement, are International Paper company Minnesota and Ontario Power company and Gould Paper company.

UTAH'S BUMPER SUGAR BEET CROP

Ogden, Utah, June 19— Utah will produce this year sufficient sugar beets to fulfill the wants of its half million population and then have enough to furnish the American army of 2,000,000 men with sugar for one year. This was the statement made today by J. W. Jones, of the department agriculture. Utah's production for 1918 will reach one million tons of sugar beets, Mr. Jones said.

Official Bulletins

AMERICAN.

Washington, June 19.—Continued fighting in the region of Chateau-Thierry and along the Marne is noted in General Pershing's communique for yesterday, which reached the war department today. American patrols have crossed the Marne and taken prisoners.

BRITISH.

London, June 19.—The official war statement today reads:

"A raid attempted by the enemy in the Locre sector was repulsed by French troops.

"The hostile artillery was active yesterday evening in the Ancre valley, about Mericourt and during the night has been active in the neighborhood of Merris (Flanders front.)

"We carried out a successful raid last night south of Hebuterne.

"In the Vieux Berquin sector a party of our troops attacked and re-captured one of the posts taken by the enemy in this locality on the night of June 14. We secured a few prisoners and two machine guns."

FRENCH.

Paris, June 19.—The official war statement follows:

"Last night at six o'clock the Germans delivered a violent preparatory artillery fire along the whole front of Rheims from the region of Vrigny, west of the city, as far east as La Pompelle. At nine o'clock the enemy infantry began an attack on the French positions between these two points.

"The French troops resisted the German attack with complete success, the French artillery proving very strong.

"Between Vrigny and Ormes, German assault troops were stopped by the French fire and forced to return many times to their lines of departure, and were not finally able to reach the French positions.

"Around Rheims violent combats developed during the course of which enemy suffered heavy losses and was everywhere repulsed.

"East of Rheims the fighting likewise ended to the advantage of the French. The Germans having been successful in penetrating the woods northeast of Sillery were driven out by a French counter attack.

"Prisoners taken in the region of Rheims declared the town was attacked by three divisions, which were ordered to take the place at all costs during the night."

PROUD OF Y. M. C. A. WORKERS OVERSEAS

Washington, June 19.—John R. Mott, international secretary of the Young Men's Christian Association, who has just returned from France, told President Wilson yesterday that while some of the organization's secretaries in France have been killed and others gassed during the recent fighting, the work of caring for the American troops in France is being expanded and the association is taking over work with the French and British troops. One-fourth of the 2,500 American Y. M. C. A. workers in France, the president was told, are now within range of the German guns.

"In pointing out that by September it will be necessary to have 4,000 American workers, of whom about one-fifth should be women, for overseas duty, Mr. Mott declared, "every community in this country that has sent Y. M. C. A. workers abroad may well be proud of the service they are rendering our boys and those of the Allies."

ZEEBRUGGE HARBOR STILL BLOCKED

Amsterdam, June 19—The entrance to the harbor of Zeebrugge is blocked, according to Lieutenants George Coward and John Read of the British royal air force, who landed in the province of Zeeland Monday, and are to be interned at The Hague. In an interview published in the Telegraaf they say the Germans are working day and night to clear the passage, but each night British aviators demolish the German's progress.

The cement ships sunk in the harbor are still there, and the Germans are afraid to blow them up for fear they will also destroy the sluices. The lieutenants assert that no submarines can enter or leave Zeebrugge. The blockade of Ostend is not so complete, but the Germans are having great trouble there.

The motor of the seaplane carrying Coward and Read failed while they were bombing Zeebrugge. German aviators attacked their machine, but they managed to reach Holland and to escape capture by the Germans.

MAY IMPORTS BREAK RECORD

Washington, June 19.—Imports in May were the largest in the nation's history and the total foreign commerce for the month, amounting to $875,000,000 was second only to June, 1917, when the total was $879,000,000.

Imports in May amounted to $323,000,000, an increase of $14,000,000 over April, according to figures issued today by the bureau of foreign and domestic commerce. Exports were valued at $552,000,000, which was $52,000,000 more than April.

Imports of gold for 11 months have amounted to $95,000,000 and exports, $188,000,000. Silver shipments continue to grow in volume, imports amounting to $65,000,000 in eleven months and exports $131,000,000.

BAD MEAT FOR NAVY REJECTED

New York, June 19—Hundreds of thousands of pounds of meat intended for use on American battleships, furnished by Wilson and company, Chicago packers, has been rejected because not in good condition, Captain C. S. Williams of the navy, testified today at the inquiry by the federal trade commission into charges that bad meat is being furnished by the navy.

BONAR LAW TELLS OF WAR CREDITS

London, June 19. — Andrew Bonar Law, chancellor of the exchequer, introduced a vote of credit for 500,000,000 pounds in the house of commons Tuesday, gave some figures regarding the total war credit, which with the present appropriation, would amount to 7,342,000,000 pounds.

"The latest phase of this great struggle," he said, "is the Austrian offensive in Italy. It is part of intense offensive which has been carried on along the whole battle front. Our enemies are right in thinking that a great success gained on that front would have far-reaching, perhaps decisive, results on the general battle front in France. For that reason, the general suspicion that the initiative came from Berlin, rather than from Vienna, I believe to be justified.

PROTESTS AGAINST DRY NATION NOW

Washington, June 19. — Vigorous protests against immediate absolute prohibition were made before the senate agriculture committee today by Bainbridge Colby, member of the shipping board, who declared if beer were taken from the workmen, the output of American shipyards would be reduced 25 per cent.

Mr. Colby said he appeared at the request of Chairman Hurley as a representative of the shipping board.

COLBY'S ARGUMENT.

"We believe that the effect of this bit of legislation would be to reduce the efficiency of the workers in the shipyards and reduce the output of tonnage to a substantial amount."

Mr. Colby said that because of the urgent need for tonnage now in order to carry men and supplies to Europe, the shipping board is trying to make the work in the shipyards as attractive as possible and to increase the 335,000 men employed in the shipyards now to 600,000.

There is a constant turnover in the shipyards and a shifting of labor, he said, and the members of the board fear anything that might tend to cause unrest among the workmen.

BRYAN THERE.

Concluding arguments in favor of prohibition were made by William J. Bryan, who, replying to Mr. Colby, declared history showed labor is more efficient without liquor than with it. He quoted Premier Lloyd George as saying that England was fighting Germany, Austria and drink with drink as the greatest enemy.

While favoring total prohibition, Mr. Bryan said he believed a reasonable time should be given for putting it into effect. In line with that opinion he said he would recommend that production of intoxicating liquors should be reduced by percentages until the nation had become dry. He also expressed the opinion that the legislation should be separate instead of attached to an appropriation measure, and he recommended that prohibition leaders in congress agree upon the details of a bill.

SOME OF THE NEWS IN SUMMARY

New York—Three men and a woman were arrested here Tuesday for the alleged theft of munitions plans.

—:—

Waco, Tex. — Thirty-two soldiers were injured in a wreck near Shelby, Tex., Tuesday. One died later.

TURKS SEIZE AMERICANS IN PERSIA

Washington, June 19.—Sacking of the American hospital at Tazriz, Persia, and seizure of the American and British consulates there by invading Turkish troops was reported to the state department today by the American minister at Teheran.

MAY BRING WAR DECLARATION.

If the report as it reached the minister is officially confirmed, the outrages may be considered an act of war and settle the long pending question of whether the Ottoman allies of Germany should be formally listed among America's enemies.

According to today's dispatch, the Turks sacked the hospital over the protest of the Spanish consul, in charge as representative of American interests and in defiance of the Spanish flag flying over the building.

PRESBYTERIAN HOSPITAL.

New York, June 19—Officials of the Presbyterian board of foreign missions here today identified the American hospital sacked by Turkish troops at Tabriz, Persia, as the Colton Memorial hospital, which was endowed by a Philadelphia family by that name and established several years ago.

WILL NOT OPPOSE RAISING DRAFT AGE

Secretary Baker Sees No Need of Move, However.

Washington, June 19—Should Congress decide that it is necessary at this time to extend the draft age limits either below 21 or above 30 or both, no opposition will be offered by the War Department.

In authorizing this statement yesterday, Secretary Baker said the department could see no immediate need for such action, although, the date already is in sight when it will become necessary to replenish the class One reservoir.

1 MILLION BY JAN. 1.

The present tentative schedule of the War Department is said to contemplate the arming of four million men by next Jan. 1.

That would mean the calling of 1,000,000 men between July and January, and the absorbing not only the men remaining in class one from the first registraion but those placed in that class under the recent registration as well as some 200,000 expected to be put in that class as the result of the reclassification recently ordered.

All previous estimates of hte department relating to man power have been based solely upon the men in class one, General Crowder stating specifically in his report on the first draft that it would be the policy of his department to refrain from touching the other classes. The present emergency, however, with its resultant demands for the speedy organization of forces far in excess of the number contemplated, have upset these differences.

Only Slight Difference.

Officials here have always declared that the differences between members of class one and class two, from the viewpoint of eligibility for service was too minute to be seriously considered. The invasion of this class, it is said will not effect the economic machinery of the nation to any disastrous degree.

SLEEPY SOLDIERS GET FIVE YEARS

Camp Dix, N. J., June 19.—Found guilty by court martial of having been asleep while assigned to sentry duty at this camp, Private Roy B. Jackson of Battery C, 349th Field Artillery (colored), has been sentenced to five years at hard labor at Fort Jay. In approving the sentence, said to be the severest imposed in this section of the country for such an offense, Major General Hugh L. Scott, ordered that a record of it be posted on all bulletin boards at the cantonment.

O. K. PLAN FOR DATA ON DRAFT DODGERS

Washington June 19.—A favorable report was voted yesterday by the house military committee on a resolution by Representative Madden of Illinois asking President Wilson to report the number of men of draft age employed by government agencies created by executive order and for whom exemptions from military service have been allowed.

GRACE LUSK IS TAKEN TO PRISON

Waukesha, Wis., June 19.—Grace Lusk was taken from here today in an automobile to begin her 19 year sentence at the penitentiary at Waupon for the killing of Mrs. Mary Newman Roberts. She was accompanied by Under Sheriff Joseph Wilkins and by Myrtle Lull and Laura Barber, intimate friends who stood by her throughout the trial.

FOURTH LIBERTY LOAN FACTS

Washington, June 19.—Tentative plans for the fourth Liberty loan, as indicated by the treasury, are: Amount at least $6,000,000,000.

Interest rate 4¼ per cent. Campaign to open early in October. Denomination of bonds same as third loan.

AERIAL DEFENSES IN PARIS BLOCK RAIDS

Paris, June 19.—The Germans have attempted fourteen air raids upon Paris since Jan. 31, but only twenty-two of the more than three hundred machines which took part in them have succeeded in flying over the city, according to the record of enemy efforts published in the Excelsior today.

The newspaper, comments upon the effectiveness of the aerial defenses of Paris thus indicated. Nine of the twenty-two machines which penetrated the barrier, it adds, were brought down by the French defenders of the capital.

SUSPEND HIGHER CARFARE IN ALTON

Springfield, Ill., June 19.—Increases in street car fares at Alton, Venice and Brooklyn, Ill., proposed by the Alton, Granite and St. Louis Traction company, were suspended by the public utilities commission today until October 31.

The commission also suspended until November 7 proposed advances in gas rates affecting Rock Falls, Belvidere, De Kalb, Dixon, Geneseo, Mendota, Morrison, Sycamore and Sterling.

YEGGS BLEW THE MONEY TO BITS

Dixon, Ill., June 19.—The explosive with which robbers last night attacked the safe of the Shearers bank at Steward blew the currency to pieces and the marauders went away empty handed.

PROSECUTION TO REST IN I. W. W. CASES

Chicago, June 19.—The government expects to complete its presentation of evidence in the seditions conspiracy trial of I. W. W. members by Thursday afternoon, it was said yesterday by the prosecutor. Counsel for the 110 defendants then will call their witnesses.

FRENCH SOCIALIST'S FAITH IN RUSSIA

Paris, June 19.—The French government has confidence that Russia will eventually pay her debts, declared Finance Minister Klotz in the chamber of deputies yesterday. Socialist deputies had attempted a conference to discuss the renewal privileges of the Bank of France, and raised the question of the Russian debt to France, but their efforts were foiled by the finance minister.

Deputy Edouard Barth offered an interpellation as to who should be held responsible for the 500,000,000 francs still due French investors in Russian loans. Finance Minister Klotz replied, saying:

"It matters not what government obtains in Russia, I do not despair for the guarantee of the Russian state—"

The minister was interrupted by socialist cries of "No."

"It is immaterial," continued M. Klotz, "whether the bank of Russia meets its indebtedness. I have confidence in the Russian state and French investors will not lose. It is not the government which contracts debts; it is the country."

BAN ON RUBBER GOODS IMPORTS

Washington, June 19.—After June 25 no licenses for the importation of manufactured rubber goods will be issued by the war trade board, it was announced today, and all outstanding licenses have been revoked. Articles containing not more than five per cent rubber may be exempted.

The action was taken, it was explained at the war trade board office, to protect American manufacturers of rubber goods from the wholesale foreign competition which might result from the recent order restricting imports of crude rubber and rubber substitutes.

WARSAW HIT BY BIG FIRE

Quincy, June 19.—A large part of the business district of Warsaw, Ill., thirty miles north of here, was wiped out early today by a fire which started in a grocery store. The water works stand pipe was nearly empty and the fire department was severely handicapped.

APPROVE RENEWAL ARBITRATION TREATY

Washington, June 19.—Renewal for five years of the general arbitration treaty between the United States and Great Britain was approved today by the senate foreign relations committee.

FRENCH REPULSE RHEIMS ATTACK

New Hun Drive on Stricken City Checked with Heavy Losses to Enemy.

Standing firmly before the war stricken city of Rheims, the French have checked a new German drive launched last night, five days after the offensive on the Montdidier-Noyon line came to a halt. In the fighting the active battle front has been extended to a point five miles southeast of the cathedral city.

HUNS REPULSED, HEAVY LOSSES.

At 6 o'clock Tuesday evening the German artillery began a heavy bombardment between Vrigny, west of Rheims, to the village of La Pompella, on the north bank of the Vesle river, east of that city. Three hours later the Teutonic infantry stormed out of their trenches to begin the assault. According to the official statement issued at Paris, the Germans were nowhere successful in their attempts to enter the French lines, being repulsed with heavy losses.

ON 14 MILE FRONT

The front over which the new attack was launched is approximately fourteen miles in length. It has been expected that the Germans would sooner or later attempt to straighten out their lines in this region because the close of the Aisne offensive left the Allies in a favorable position along from the Marne east of Chateau Thierry to the region north of Chalons. Having interior lines, they are able to quickly concentrate their forces on either side of the angle having its apex at Rheims.

ATTACK OVER HIGH GROUND.

The ground over which the Germans are attacking west of Rheims is rather high and irregular. To the north of the city it is more level and to the east the French, being between the enemy and the Vesle river, would be operating at a disadvantage were it not for wooded hills which they hold on each side of the village of La Pompele.

The connection between this assault and the one delivered between Montdidier and Noyon last week is rather difficult to trace, except that a straightening of the line would be of advantage to the foe.

Raiding operations are reported from the British fronts in the Somme and Lys sectors.

WAR CONTRACT AGENTS NOW SEEK LENIENCY

Washington, June 19.—Many self-acknowledged contingent fee agents appeared today at the department of justice to explain their operations and to ask leniency in any action the department may take to break up the exposed system of defrauding contractors and the government out of millions of dollars.

GREGORY GETS MANY LETTERS.

Hundreds of letters, telegrams and personal calls came to Attorney General Gregory and Assistant Attorney General Huston Thompson, in direct charge of the campaign against the contingent fee system, inquiring concerning the legal status of contracts already made, or the legality of maintaining representatives in Washington. Some admitted they had such contracts, not knowing that this was a violation of the law.

SOME LENIENCY.

Although no formal statement of policy was made by the department of justice officials intimated that leniency would be shown in all cases where it was apparent that the contractor or the commission agent neither pretended to use nor actually did employ any sinister influence in obtaining orders.

GOT $100,000 COMMISSION.

One Washington firm of contingent fee agents negotiated $10,000,000 worth of contracts for its clients, it was disclosed today by examination of the firm's papers seized by secret agents. Another firm here received $100,000 in commissions.

A commission firm in another city was about to close 15 contracts for clients when its office was raided.

It developed today that navy purchasing officers have known of the contingent fee system for seven years and have tried persistently to break it up. These efforts met with considerable success before the United States entered the war, but since then the volume of contracts has grown so tremendously that it was more difficult for naval intelligence officers to investigate the standing and reputation of all persons seeking to negotiate war orders.

ARMY OFFICER ARRESTED.

Washington, June 19.—The trail of the government's pursuit of illegal profiteers on war contracts yesterday led to the arrest in New York of Lieut. James C. Staley, a reserve army officer, on a charge of accepting money from the Truefit Galvanizing Co. of New York, for a contract which he promised to procure.

This was the first arrest of an army officer since the department of justice started its investigation into the system by which contingent fee agents have made millions by obtaining contracts for manufacturers who were charged a commission. Other arrests may follow soon.

Lieut. Staley is about 30 years old and came originally from Iowa. He entered a training camp in that state last summer and later was transferred to Fort Snelling near St. Paul, where he was commissioned in August.

After being arrested Lieut. Staley made a complete confession of his part in the transaction, department of justice officials said and gave much valuable information which may lead to the detection of other cases of fraud. He will be tried by a court-martial.

SOUTH AMERICANS TO TRAIN IN U. S.

Paris, June 19, (Havas Agency) — Premier Clemenceau's newspaper L'Homme Libre says advices have been received from Washington that a plan is under way for training troops of South American republics in the United States.

SEEK TRAINING BUDGET.

Washington, June 18.—Congress is to be asked by the war department for an appropriation to provide training facilities in this country for forces other than American troops. This was learned authoritatively yesterday but it was said that no definite project has been discussed, nor has the matter reached the point where it has been the subject of diplomatic communication.

The natural assumption is that any troops to be trained here would come from one of the nations in the western hemisphere who have joined the countries at war with Germany. While no arrangements have yet been discussed looking to that end, the department feels that it would be wise to have the funds on hand so as to be in a position to act promptly should another nation consent to the training and equipping of its forces in the United States.

OLD JOHN BROWN HOMESTEAD BURNS

Torrington, Conn., June 19. — The house in West Torrington in which John Brown, the famous Abolitionist, was born, was destroyed by fire today. The building was owned by the John Brown association and was one of the principal historical landmarks of Litchfield county. The cause of the fire is not known.

SPAIN AND U. S. AGREE ON FINANCES

Madrid, June 19.—As the result of interviews between Otto H. Kahn, the New York banker, and Premier Maura and other ministers and public men of Spain, the financial interests of America and Spain will establish permanent relations making for closer economic contact between the two countries according to Mr. Kahn. King Alfonso received Mr. Kahn in long audience today.

ITALIAN LINE HOLDS AGAINST FIERCE AUSTRIAN ATTACKS

Teuton Generals See Only Chance For Gains Across Piave River—British and French Troops Under Heavy Bombardment.

Fierce attacks are being made by the Austrians to overcome the Italian resistance along the Piave, but the defensive line still holds.

FOE'S ONLY CHANCE ON PIAVE.

Apparently the enemy sees his only hope of success in enlarging his gains across the Piave, having been given a disastrous check in the mountains from west of Asiago to the Piave.

In the mountains the Austrians have been generally on the defensive since they were checked and then thrown back over the terrain gained Saturday in the first day of the offensive.

SHELL ALLIES AROUND ASIAGO.

The French and British around Asiago are under a heavy enemy bombardment, and the French Tuesday repulsed a strong local Austrian effort. Along the Valsuganna and against the Bastion of Monte Grappa, the enemy holds further attacks in abeyance.

HUN GAINS ON PIAVE LINE.

Along the nearly thirty mile Piave line the situation has not improved greatly from an allied viewpoint. Where and in what force the enemy has crossed the river and how he has progressed into the Venetian plain are not outlined clearly but apparently the Italians have given most ground in the north around Montello and on the south of Capo Sile.

TRY TO CAPTURE HEIGHT.

From their foothold on Montello, an important plateau three by eight miles in extent which dominates the country between Bassano and Treviso, the Austrians are making violent attempts to drive the Italians off the height entirely, while the Italians are fighting just as determinedly to keep the enemy close to the river bank. The fighting the past two day has been favorable to the Italians. In the center from Maserada to Fossalta the Austrians are being held well in check.

Seemingly the Austrians have pushed back the Italians several miles between Fossalta and Capo Sile and along the Fossetta canal which runs southwest toward Venice. Capo Sile is in the lowlands along the Adriatic, but if the enemy reaches the Fossetta canal to the north, he would be on drier ground and better able to push toward Mestre and outflank the line northward along the Piave.

The Germans apparently are waiting results on the Italian front before resuming the offensive in France and Flanders. If the Germans expected that the Austrians would advance and compel the Allies to send reserves to Italy and thus weaken the western front, they will have to change plans based on such anticipations.

Local attacks and intense artillery fire here and there mark the lull on the line. The French and British have improved their positions at isolated points between Rheims and Ypres.

The German artillery fire has increased in intensity from northwest of Montdidier to the Aisne.

German patrols have been active against the American positions along the Marne, but their efforts to penetrate the American lines were repulsed. One enemy patrol was almost wiped out by the American machine gun fire

GERMAN BAN ON EMIGRATION

Washington, June 19— Consideration in Germany of legislation to prevent emigration after the war to evade payment of the heavy taxes already is being considered, according to information reaching the state department. Enactment of a law requiring persons liable to personal taxes to leave 20 per cent of their taxable property in Germany in event of emigration has been proposed.

The bill as drafted, according to the Norddeutsche Allgemeine Zeitung, provides that persons who have hitherto had their permanent resident in Germany shall be liable to payment of personal taxes and state and communal taxes for a period of five years after the conclusion of peace. The penalty for tax evasion through emigration is mixed at deprivation of nationality, which however, can be restored later by voluntary payment of the taxes due.

$17 MILLION LOAN TO TRANSIT CONCERN

Washington, June 19. — A direct loan not to exceed $17,320,000 to the Brooklyn Rapid Transit company, has been approved by the war finance corporation. Conditions under which the advance will be made have not been made public.

AUSTRIA'S GRAIN SUPPLY EXHAUSTED

London, June 19.—Austrias grain supplies have completely run out and such food of this nature as she is getting is coming from what Germany has allotted to her from the Ukrainian supplies, according to indications in a Copenhagen dispatch to the Exchange Telegraph company.

This message quotes an interview with Herr Paul, the Austrian food minister, obtained by the Vienna correspondent of the Berlin Tageblatt in which the minister confirmed the news of the recent reduction in the Austrian bread ration. This, he said, was due to insufficient supplies from Bessarabia and Hungary.

The entire 1917 harvest from these sources had been distributed and consumed, the minister stated, and the Roumanian harvest had also been used up.

EXPRESS MONOPOLY OFF AFTER WAR

Washington, June, 19—The express monopoly created under government auspices must be dissolved after the war emergency is past under provisions of the contract signed today by representatives of the express companies and the railroad administration.

This provision, inserted on demand of Attorney General Gregory, will require re-establishment of the Adams, American, Wells Fargo and southern companies as separate operating and competing units when peace is restored unless anti-trust laws are amended by tha time.

It is expected the Western, Great Northern and Northern Express companies will be included in the new operating company before the combination becomes effective July 1.

FIX MAXIMUM NEWSPRINT PRICES

Washington, Jue 19. — Maximum newsprint paper prices were fixed today by the federal trade commission, in accordance with an agreement between the attorney general and manufacturers of the United States and Canada as follows:

Roll news in car lots, $3.10 per hundred pounds.

Roll news in less than car lots, $3.22½

Sheet news in car lots $3.50.

Sheet news in less than car lots, $3.62½.

Under the agreement the prices f. o. b. mill are retroactive, taking effect April 1, 1918, and standing until three months after the war ends. Ten companies participating in the agreement, three American and seven Canadian.

American manufacturers, parties to the agreement, are International Paper company, Minnesota and Ontaria Power company and Gould Paper company.

UTAH'S RUMPER SUGAR BEET CROP

Ogden, Utah, June 19— Utah will produce this year sufficient sugar beets to fulfill the wants of its half million population and then have enough to furnish the American army of 2,000,000 men with sugar for one year. This was the statement made today by J. W. Jones, of the department agriculture. Utah's production for 1918 will reach one million tons of sugar beets Mr. Jones said.

Official Bulletins

AMERICAN.

Washington, June 19.—Continued fighting in the region of Chateau-Thierry and along the Marne is noted in General Pershing's commuique for yesterday, which reached the war department today. American patrols have crossed the Marne and taken prisoners.

BRITISH.

London, June 19.—The official war statement today reads:

"A raid attempted by the enemy in the Locre sector was repulsed by French troops.

"The hostile artillery was active yesterday evening in the Ancre valley, about Mericourt and during the night has been active in the neighborhood of Merris (Flanders front.)

"We carried out a successful raid last night south of Hebuterne.

"In the Vieux Berquin sector a party of our troops attacked and re-captured one of the posts taken by the enemy in this locality on the night of June 14. We secured a few prisoners and two machine guns."

FRENCH.

Paris, June 19.—The official war statement follows:

"Last night at six o'clock the Germans delivered a violent preparatory artillery fire along the whole front of Rheims from the region of Vrigny, west of the city, as far east as La Pompelle. At nine o'clock the enemy infantry began an attack on the French positions between these two points.

"The French troops resisted the German attack with complete success, the French artillery proving very strong.

"Between Vrigny and Ormes, German assault troops were stopped by the French fire and forced to return many times to their lines of departure, and were not finally able to reach the French positions.

"Around Rheims violent combats developed during the course of which enemy suffered heavy losses and was everywhere repulsed.

"East of Rheims the fighting likewise ended to the advantage of the French. The Germans having been successful in penetrating the woods northeast of Sillery were driven out by a French counter attack.

"Prisoners taken in the region of Rheims declared the town was attacked by three divisions, which were ordered to take the place at all costs during the night."

PROUD OF Y. M. C. A. WORKERS OVERSEAS

Washington, June 19.—John R. Mott, international secretary of the Young Men's Christian Association, who has just returned from France, told President Wilson yesterday that while some of the organization's secretaries in France have been killed and others gassed during the recent fighting, the work of caring for the American troops in France is being expanded and the association is taking over work with the French and British troops. One-fourth of the 2,500 American Y. M. C. A. workers in France, the president was told, are now within range of the German guns.

"In pointing out that by September it will be necessary to have 4,000 American workers, of whom about one-fifth should be women, for overseas duty, Mr. Mott declared, "every community in this country that has sent Y. M. C. A. workers abroad may well be proud of the service they are rendering our boys and those of the Allies.'

ZEEBRUGGE HARBOR STILL BLOCKED

Amsterdam, June 19.—The entrance to the harbor of Zeebrugge is blocked according to Lieutenants George Coward and John Read of the British royal air force, who landed in the province of Zeeland Monday, and are to be interned at The Hague. In an interview published in the Telegraaf they say the Germans are working day and night to clear the passage, but each night British aviators demolish the German's progress.

The cement ships sunk in the harbor are still there, and the Germans are afraid to blow them up for fear they will also destroy the sluices. The lieutenants assert that no submarines can enter or leave Zeebrugge. The blockade of Ostend is not so complete, but the Germans are having great trouble there.

The motor of the seaplane carrying Coward and Read failed while they were bombing Zeebrugge. German aviators attacked their machine, but they managed to reach Holland and to escape capture by the Germans.

MAY IMPORTS BREAK RECORD

Washington, June 19.—Imports in May were the largest in the nation's history and the total foreign commerce for the month, amounting to $875,000,000 was second only to June, 1917, when the total was $879,000,000.

Imports in May amounted to $323,000,000, an increase of $44,000,000 over April, according to figures issued today by the bureau of foreign and domestic commerce. Exports were valued at $552,000,000, which was $53,000,000 more than April.

Imports of gold for 11 months have amounted to $93,000,000 and exports, $188,000,000. Silver shipments continue to grow in volume, imports amounting to $65,000,000 in eleven months and exports $131,000,000.

BAD MEAT FOR NAVY REJECTED

New York, June 19.—Hundreds of thousands of pounds of meat intended for use on American battleships, furnished by Wilson and company, Chicago packers, has been rejected because not in good condition, Captain C. S. Williams of the navy, testified today at the inquiry by the federal trade commission into charges that bad meat is being furnished by the navy.

BONAR LAW TELLS OF WAR CREDITS

London, June 19, — Andrew Bonar Law, chancellor of the exchequer, introduced a vote of credit for 500,000,000 pounds in the house of commons Tuesday, gave some figures regarding the total war credits, which with the present appropriation, would amount to 7,342,000,000 pounds

"The latest phase of this great struggle," he said, "is the Austrian offensive in Italy. It is part of intense offensive which has been carried on along the whole battle front. Our enemies are right in thinking that a great success gained on that front would have far-reaching, perhaps decisive, results on the general battle front in France. For that reason, the general suspicion that the initiative came from Berlin, rather than from Vienna, I believe to be justified.

PROTESTS AGAINST DRY NATION NOW

Washington, June 19. — Vigorous protests against immediate absolute prohibition were made before the senate agriculture committee today by Bainbridge Colby, member of the shipping board, who declared if beer were taken from the workmen, the output of American shipyards would be reduced 25 per cent.

Mr. Colby said he appeared at the request of Chairman Hurley as a representative of the shipping board.

COLBY'S ARGUMENT.

"We believe that the effect of this bit of legislation would be to reduce the efficiency of the workers in the shipyards and reduce the output of tonnage to a substantial amount."

Mr. Colby said that because of the urgent need for tonnage now in order to carry men and supplies to Europe, the shipping board is trying to make the work in the shipyards as attractive as posible and to increase the 335,000 men employed in the shipyards now to 600,000.

There is a constant turnover in the shipyards and a shifting of labor, he said, and the members of the board fear anything that might tend to cause unrest among the workmen.

BRYAN THERE

Concluding arguments in favor of prohibition were made by William J. Bryan, who, replying to Mr. Colby, declared history showed labor is more efficient without liquor than with it. He quoted Premier Lloyd George as saying that England was fighting Germany, Austria and drink with drink as the greatest enemy.

While favoring total prohibition, Mr. Bryan said he believed a reasonable time should be given for putting it into effect. In line with that opinion he said he would recommend that production of intoxicating liquors should be reduced by percentages until the nation had become dry. He also expressed the opinion that the legislation should be separate instead of attached to an appropriation measure, and he recommended that prohibition leaders in congress agree upon the details of a bill.

TURKS SEIZE AMERICANS IN PERSIA

Washington, June 19.—Sacking of the American hospital at Tasriz, Persia, and seizure of the American and British consulates there by invading Turkish troops was reported to the state department today by the American minister at Teheran.

MAY BRING WAR DECLARATION.

If the report as it reached the minister is officially confirmed, the outrages may be considered an act of war and settle the long pending question of whether the Ottoman allies of Germany should be formally listed among America's enemies.

According to today's dispatch, the Turks sacked the hospital over the protest of the Spanish consul, in charge as representative of American interests and in defiance of the Spanish flag flying over the building.

PRESBYTERIAN HOSPITAL.

New York, June 19—Officials of the Presbyterian board of foreign missions here today identified the American hospital sacked by Turkish troops at Tabriz, Persia, as the Colton Memorial hospital, which was endowed by a Philadelphia family by that name and established several years ago.

WILL NOT OPPOSE RAISING DRAFT AGE

Secretary Baker Sees No Need of Move, However.

Washington, June 19—Should Congress decide that it is necessary at this time to extend the draft age limits either below 21 or above 30 or both, no opposition will be offered by the War Department.

In authorizing this statement yesterday, Secretary Baker said the department could see no immediate need for such action, although, the date already is in sight when it will become necessary to replenish the Class One reservoir.

4 MILLION BY JAN. 1.

The present tentative schedule of the War Department is said to contemplate the arming of four million men by next Jan. 1.

That would mean the calling of 1,000,000 men between July and January, and the absorbing not only the men remaining in class one from the first registraion but those placed in that class under the recent registration as well as some 200,000 expected to be put in that class as the result of the reclassification recently ordered.

All previous estimates of hte department relating to man power have been based solely upon the men in class one, General Crowder stating specifically in his report on the first draft that it would be the policy of his department to refrain from touching the other classes. The present emergency, however, with its resultant demands for the speedy organization of forces far in excess of the number contemplated, have upset these differences.

Only Slight Difference.

Officials here have always declared that the differences between members of class one and class two, from the viewpoint of eligibility for service was too minute to be seriously considered. The invasion of this class, it is said will not effect the economic machinery of the nation to any disastrous degree.

SLEEPY SOLDIERS GET FIVE YEARS

Camp Dix, N. J., June 19.—Found guilty by court martial of having been asleep while assigned to sentry duty at this camp, Private Roy B. Jackson of Battery C, 349th Field Artillery (colored), has been sensentenced to five years at hard labor at Fort Jay. In approving the sentence, said to be the severest imposed in this section of the country for such an offense, Major General Hugh L. Scott, ordered that a record of it be posted on all bulletin boards at the cantonment.

O. K. PLAN FOR DATA ON DRAFT DODGERS

Washington June 19.—A favorable report was voted yesterday by the house military committee on a resolution by Representative Madden of Illinois asking President Wilson to report the number of men of draft age employed by government agencies created by executive order and for whom exemptions from military service have been allowed.

GRACE LUSK IS TAKEN TO PRISON

Waukesha, Wis., June 19.—Grace Lusk was taken from here today in an automobile to begin her 19 year sentence at the penitentiary at Waupon for the killing of Mrs. Mary Newman Roberts. She was accompanied by Under Sheriff Joseph Wilkins and by Myrtle Lull and Laura Barber intimate friends who stood by her throughout the trial.

FOURTH LIBERTY LOAN FACTS

Interest rate 4¼ per cent. Campaign to open early in October. Denomination of bonds same as third loan.

AERIAL DEFENSES IN PARIS BLOCK RAIDS

Paris, June 19.—The Germans have attempted fourteen air raids upon Paris since Jan. 31, but only twenty-two of the more than three hundred machines which took part in them have succeeded in flying over the city, according to the record of enemy efforts published in the Excelsior today.

The newspaper, comments upon the effectiveness of the aerial defenses of Paris thus indicated. Nine of the twenty-two machines which penetrated the barrier, it adds, were brought down by the French defenders of the capital.

SUSPEND HIGHER CARFARE IN ALTON

Springfield, Ill., June 19.—Increases in street car fares at Alton, Venice and Brooklyn, Ill., proposed by the Alton, Granite and St. Louis Traction company, were suspended bp the public utilities commission today until October 31.

The commission also suspended until November 7 proposed advances in gas rates affecting Rock Falls, Belvidere, De Kalb, Dixon, Geneseo, Mendota, Morrison, Sycamore and Sterling.

YEGGS BLEW THE MONEY TO BITS

PROSECUTION TO REST IN I. W. W. CASES

Chicago, June 19.—The government expects to complete its presentation of evidence in the seditions conspiracy trial of I. W. W. members by Thursday afternoon, it was said yesterday by the prosecutor. Counsel for the 110 defendants then will call their witnesses.

FRENCH SOCIALIST'S FAITH IN RUSSIA

Paris, June 19.—The French government has confidence that Russia will eventually pay her debts, declared Finance Minister Klotz in the chamber of deputies yesterday. Socialist deputies had attempted a conference to discuss the renewal privileges of the Bank of France, and raised the question of the Russian debt to France, but their efforts were foiled by the finance minister.

Deputy Edouard Barth offered an interpellation as to who should be held responsible for the 500,000,000 francs still due French investors in Russian loans. Finance Minister Klotz replied, saying:

"It matters not what government obtains in Russia. I do not despair for the guarantee of the Russian state—"

The minister was interrupted by socialist cries of "No."

"It is immaterial," continued M. Klotz, "whether the bank of Russia meets its indebtedness. I have confidence in the Russian state and French investors will not lose. It is not the government which contracts debts: it is the country."

BAN ON RUBBER GOODS IMPORTS

Washington, June 19.—After June 25 no licenses for the importation of manufactured rubber goods will be issued by the war trade board, it was announced today, and all outstanding licenses have been revoked. Articles containing not more than five per cent rubber may be exempted.

The action was taken, it was explained at the war trade board office, to protect American manufacturers of rubber goods from the wholesale foreign competition which might result from the recent order restricting imports of crude rubber and rubber substitutes.

WARSAW HIT BY BIG FIRE

Quincy, June 19.—A large part of the business district of Warsaw, Ill., thirty miles north of here, was wiped out early today by a fire which started in a grocery store. The water works stand pipe was nearly empty and the fire department was severely handicapped.

APPROVE RENEWAL ARBITRATION TREATY

Washington, June 19.—Renewal for five years of the general arbitration treaty between the United States and Great Britain was approved today by the senate foreign relations committee.

FRENCH REPULSE RHEIMS ATTACK

New Hun Drive on Stricken City Checked with Heavy Losses to Enemy.

Standing firmly before the war stricken city of Rheims, the French have checked a new German drive launched last night, five days after the offensive on the Montdidier-Noyon line came to a halt. In the fighting the active battle front has been extended to a point five miles southeast of the cathedral city.

HUNS REPULSED, HEAVY LOSSES.

At 6 o'clock Tuesday evening the German artillery began a heavy bombardment between Vrigny, west of Rheims, to the village of La Pompella, on the north bank of the Vesle river, east of that city. Three hours later the Teutonic infantry stormed out of their trenches to begin the assault. According to the official statement issued at Paris, the Germans were nowhere successful in their attempts to enter the French lines, being repulsed with heavy losses.

ON 14 MILE FRONT.

The front over which the new attack was launched is approximately fourteen miles in length, it has been expected that the Germans woud sooner or later attempt to straighten out their lines in this region because the close of the Aisne offensive left the Allies in a favorable position along from the Marne east of Chateau Thierry to the region north of Chalons. Having interior lines, they are able to quickly concentrate their forces on either side of the angle having its apex at Rheims.

ATTACK OVER HIGH GROUND.

The ground over which the Germans are attacking west of Rheims is rather high and irregular. To the north of the city it is more level and to to the east the French, being between the enemy and the Vesle river, would be operating at a disadvantage were it not for wooded hills which they hold on each side of the village of La Pompele.

The connection between this assault and the one delivered between Montdidier and Noyon last week is rather difficult to trace, except that a straightening of the line would be of advantage to the foe

Raiding operations are reported from the British fronts in the Somme and Lys sectors.

WAR CONTRACT AGENTS NOW SEEK LENIENCY

Washington, June 19.—Many self-acknowledged contingent fee agents appeared today at the department of justice to explain their operations and to ask leniency in any action the department may take to break up the exposed system of defrauding contractors and the government out of millions of dollars.

GREGORY GETS MANY LETTERS

Hundreds of letters, telegrams and personal calls came to Attorney General Gregory and Assistant Attorney General Huston Thompson, in direct charge of the campaign against the contingent fee system, inquiring concerning the legal status of contracts already made, or the legality of maintaining representatives in Washington. Some admitted they had sub-let contracts, not knowing that this was a violation of the law.

SOME LENIENCY.

Although no formal statement of policy was made by the department of justice officials intimated that leniency would be shown in all cases where it was apparent that the contractor or the commission agent neither pretended to use nor actually did employ any sinister influence in obtaining orders.

GOT $100,000 COMMISSION.

One Washington firm of contingent fee agents negotiated $10,000,000 worth of contracts for its clients, it was disclosed today by examination of the firm's papers seized by secret agents. Another firm here received $100,000 in commissions.

A commission firm in another city was about to close 15 contracts for clients when its office was raided

It developed today that navy purchasing officers have known of the contingent fee system for seven years and have tried persistently to break it up. These efforts met with considerable success before the United States entered the war, but since then the volume of contracts has grown so tremendously that it was more difficult for naval intelligence officers to investigate the standing and reputation of all persons seeking to negotiate war orders

ARMY OFFICER ARRESTED.

Washington, June 19.—The trial of the government's pursuit of illegal profiteers on war contracts yesterday led to the arrest in New York of Lieut. James C. Staley, a reserve army officer, on a charge of accepting money from the Truefit Raincoat Co. of New York, for a contract which he promised to procure.

This was the first arrest of an army officer since the department of justice started its investigation into the system by which contingent fees have made millions by obtaining contracts for manufacturers who were charged a commission. Other arrests may follow soon.

Lieut. Staley is about 50 years old and came originally from Iowa. He entered a training camp in that state last summer and later was transferred to Fort Snelling near St. Paul, where he was commissioned in August.

After being arrested Lieut. Staley made a complete confession of his part in the transaction, department of justice officials said and gave much valuable information which may lead to the detection of other cases of fraud. He will be tried by a court-martial.

SOUTH AMERICANS TO TRAIN IN U. S.

Paris, June 19, (Havas Agency) — Premier Clemenceau's newspaper L'Homme Libre says advices have been received from Washington that a plan is under way for training troops of South American republics in the United States.

SEEK TRAINING BUDGET.

Washington, June 18.—Congress is to be asked by the war department for an appropriation to provide training facilities in this country for forces other than American troops. This was learned authoritatively yesterday but it was said that no definite project has been discussed, nor has the matter reached the point where it has been the subject of diplomatic communication.

The natural assumption is that any troops to be trained here would come from one of the nations in the western hemisphere who have joined the countries at war with Germany. While no arrangements have yet been discussed looking to that end, the department feels that it would be wise to have the funds on hand so as to be in a position to act promptly should another nation consent to the training and equipping of its forces in the United States.

OLD JOHN BROWN HOMESTEAD BURNS

Torrington, Conn., June 19. — The house in West Torrington in which John Brown, the famous Abolitionist, was born, was destroyed by fire today. The building was owned by the John Brown association and was one of the principal historical landmarks of Litchfield county. The cause of the fire is not known.

CALL 175 DRAFTED MEN IN SHELBY

Conscripts to Report 5 Day Period June 24.

Shelbyville, Ill., June 19—The local exemption board was instructed to induct the 175 selective service men called for the five-day period beginning June 24 by orders received from Springfield Tuesday. All of the men are to be inducted into the service and entrained on that day, and will be sent to Camp Taylor, Ky. The hour of their departure was not given in the telephone orders, but it is assumed that they will travel on a special train, leaving here sometime during the forenoon.

The board was also advised that there would be an early call for all the men remaining in class one after the contingent of 175 is filled. These will number about 65.

MRS. BRYSON DEAD.

Mrs. Robert Bryson died at the family home in this city, Tuesday morning. She was 47 years old. For some time she had suffered from cancer of the bowels. Mrs. Bryson is survived by her husband and nine children, the latter being, Mrs. Newton Cox, Strasburg; Mrs Arthur Fleming, Shelbyville; Mrs. Amos Woods, Lovington; Mrs. George Ruhl, whose husband is in France; Mrs. Walter West, Decatur; Lawrence, Hazel, Vergie and Orval Bryson, Shelbyville.

The funeral will be held from the residence at 2 o'clock Wednesday afternoon, conducted by Rev. Mr. Syfert of the Free Methodist church. Burial will be in Bethel cemetery, east of Duvall.

CHARLESTON COUPLE WEDDED.

Geo. L. Dolson and Miss Mabel Waters, both of Charleston, were married in Shelbyville at 12:30 o'clock Tuesday, the ceremony being performed at the First Methodist parsonage by the Rev. M. G. Coleman. Mr. Dolson is a railroad employe.

MRS. FINKS DEAD.

Mrs. Permelia Catherine Finks, mother of M. O. Finks of this city and widow of C. L. Finks, who died August 5, 1913, died at the family home in Lakewood township Tuesday afternoon. She was 74 years old. Her life was spent in this county, and by all who knew her she was held in high esteem. For many years she was a member of the Methodist Church.

Mrs. Finks was twice married. Following the death of her first husband she became the wife of C. L. Finks in 1877. She is survived by eight sons and daughters, namely: Willis Wade, Mrs. Joanna Hodeen, Mrs. Ella Tate, Mrs. Jennie Williams, Mrs. Mattie Plowman, all of Lakewood and vicinity; James Finks, now with a motor truck company at Camp Shelby, Hattiesburg, Miss.; Rev. The school honors, bestowed for the highest grades, in the complete course, went to Leland Metzler, with an additional prize of $5.00 in gold, and honors of the several courses were awarded as follows: In bookkeeping, Helen Gillespie of Mattoon; in shorthand, Gladys Pundt of Shelbyville; in stenotypy, Miss Mamie Laue of Shumway.

BARBER ACQUITED.

The defendant won Monday in the hearing of a case of the City of Shelbyville against Fred Pierce, a Morgan street barber, on a charge of taking orders for intoxicating liquor within local option teritory. While admitting the action, Pierce claimed that it took place at or near Coplin's Ford, south of the city, and therefore the city ordinance, admittedly valid, was not violated by his taking the order for the beer in question. The city took an appeal to the county court from the decision, which was rendered in the court of Justice of the Peace George M. Hudson.

That many of Shelbyville and Shelby county boys are landing in France is indicated by the number of cards received by their friends here, officially notifying them of the safe arrival of the boys overseas. Among the latest from whom word has come are George E. Moore, a son of Mr. and Mrs. M. E. Moore of Tower Hill, and Clyde Briggs, son of Leonard Briggs of this city The latter left here October 3, going first to Camp Taylor, Ky., and later to a southern camp. Moore was in a contingent leaving here April 30, this year.

TRADES STORE FOR FARM.

In a deal that was colsed Tuesday, Earl Hendricks, who has been in the gents' furnishing business in this city for several years, acquired the 110-acre farm of C. F. Stiarwalt, The farm is located in Tower Hill township. Mr. Hendricks turned in his stock of merchandise as part payment for the farm, and pays the balance in cash. He has not announced his immediate plans, but it is understood that later he will reside on the farm.

Professor and Mrs. B. J. Gault arrived here Monday for a visit with Mrs. Gault's parents, Mr. and Mrs. W. J. Eddy. Mr. Gault will take a summer course in the Universiyt of Wisconsin, while Mrs. Gault will spend the summer here. Several years ago Mr. Gault was principal of the Shelbyville high school, then of the Sullivan high school, but for the last year has been in charge of the schools at West Palm Beach, Florida.

George F. Neher has closed a deal with a big Chicago manufacturer for the exclusive use of Mr. Neher's patent on the ironing board which he invented and formerly manufactured at his plant in this city. The deal was a satisfactory one to Mr. Neher, as he gets a royalty on all boards sold and does not transfer the patent. It also may require much of his time and attention.

Clyde E. Pate, who last week took the state pharmacy examination, immediately enlisted in the navy and has been sent to Jefferson Barracks.

Mrs. John Tull, who has been afflicted with rheumatism, was taken Tuesday to Mudlavia, Ind., for treatment.

John Martz is reported to be critically ill with cancer of the stomach. Mr. Martz has been engineer at the water works. He is now at the home of his brother, Levi Martz.

GEORGE W. JENKINS REACHES FRANCE

Brother of J. Lionel Is Sergeant Major in the Army.

Sergeant Major George Wade Jenkins of Fairbury, brother of J. Lionel Jenkins, formerly of Decatur, writes an interesting letter home about his trip across. While they had some rough days on the water, he was not seasick at all. He says that the sea is wonderful, and on some of the quiet evenings when the moon is shining down along the horizon the sight is beautiful The sunrise was described by Mr. Jenkins as being gorgeous.

Sergeant Major Jenkins is with the 126th infantry. Before going across he was at Camp Logan, and from there went to Camp Upton, where he received his promotion to sergeant major.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared

What Are Good Clothes?

All clothes are good in the advertisement and they all look good when you first see them. Of course they do; nobody would buy them if they were not good looking.

But "good" isn't the looks of 'em. It isn't style only, though style's part of it. It isn't fit only; though fit's part of it. Of course if the clothes don't fit and stay fit, you don't have much style. "Good" isn't color or pattern, however good these look to you.

The important part of good clothes is the part you don't see. Better be on the safe side and come to

Elwood & Handlin Co.

for Hart Schaffner & Marx clothes, they're as good inside as they look outside.

Square Treatment
FOR
DISEASES of Men

Square treatment is what a man wants. No other treatment will satisfy so well. When a man goes to a physician he goes in search of health and to get HONEST ADVICE about his trouble. A man in trouble wants to get at the bottom of it, and have a RELIABLE PHYSICIAN tell him just what ails him and point out the QUICKEST WAY to get cured. He wants the best doctor to treat him like a man and cure him like a man. He wants a doctor to tell him straight from the shoulder what he can do for him and then he wants him to do it RIGHT. This is the way WE treat men. This is the way we make friends. This is why we do a large business. We do the best by men because we treat and we cure men in the shortest possible time. We want to give every man his money's worth. THIS IS SQUARE TREATMENT.

SKIN DISEASES CURED

The Cure of Various Skin Diseases is a puzzle to many physicians, and lots of suffering people discontinue treatment after doctoring for a long time without relief thinking there is no cure for them. They quit doctoring with their minds made up to keep their torturing, disgusting disease and suffer the rest of their whole life.

To these people we wish to say: We don't care what kind of skin disease you may have, Eczema of any kind, Psoriasis, salt Rheum, Skin Diseases from Blood Poison or from other sources, our treatment is what you want.

It makes no difference how many doctors have failed to cure you or how many springs you have visited, or the different baths you have taken, come and see us.

After reading this advertisement, don't cast your thoughts aside from these statements, because they are not made to deceive you, but come and see for yourself. Let us examine your case and give you our opinion. It will cost you nothing. If we tell you we can cure your case, you can rely on it that you will be cured.

We frequently have cases come to us with some kind of skin disease who have doctored for months, and when we cure them in a half dozen treatments they wonder why they did not come to us before. Other cases who have doctored for years we cure in two or three months. Keep this in mind also- we are not high priced and can probably cure you for less than one-tenth (1-10) of what you have already spent elsewhere.

It is only with our long experience with skin and blood diseases that has enabled us to become expert in our work and made us able to accomplish the cures we promise.

No matter what kind of skin trouble you have, we have probably treated more than five thousand (5,000) cases the same as yours. Where the ordinary doctor treats one case we treat many.

Our Charges Are Always the Lowest of Any Physician's in the Middle West.

CHRONIC DISORDERS OF MEN CURED—We successfully treat Weakness, Hydrocele, Eczema, Discharges, Sores, Blood and Skin Disease, Kidney, Bladder, Enlarged Prostate, Piles, Rectal Diseases, Newly Contracted Diseases and Disorders peculiar to men.

MEN INCIDENTALLY IN THE CITY SHOULD NOT FAIL TO CALL.

Men come to our office and we will give you, free of cost, a careful, painstaking, searching scientific examination. By such an examination we can get at the very innermost secrets of your trouble. We see and know what many others only surmise and guess at.

FREE CONSULTATION and EXAMINATION. Office Hours—9 a. m. to 8 p. m. Sundays—10 to 1 only.

PANA BOY LOSES FOOT IN MOWER

14 Year Old Lad in Serious Accident.

Pana, June 19—James Holwick the fourteen year old son of Mr. and Mrs Matthew Holwick, met with a serious injury while using a mower at the farm of Frank Lehn south of Pana Monday evening that caused him to lose one foot and receive severe cuts of the other foot.

The boy was standing in front of the sickle of the mower when the team started up unexpectedly and escape from injury was impossible.

He was taken to the Huber Memorial hospital where one foot was amputated. It is thought by treatment the other foot can be saved. His condition is as good as can be expected owing to the loss of so much blood. He was unconscious before the hospital could be reached.

Young Holwick is one of a number of Pana boys who registered in the school here for farm work last spring.

SERVED 40 YEARS IN PRIESTHOOD

Assumption, June 19.—Sunday was the fortieth anniversary of the ordination of Rev. Joseph Dechene priest at St. Mary's Catholic church, to the priesthood. On account of the war times no atempt was made at an elaborate celebration of the event. However, a large number of the parishioners took their lunches and invited him to eat with them on the church lawn following the 10 o'clock service to which all the members had been invited to attend, and which had been especially dedicated to honor the event.

In the afternoon he served ice cream to the children of St. Mary's church and the youngsters enjoyed the afternoon greatly.

HIS RECORD.

Following his ordination in 1878 Rev. Fr. Dechene was sent to take charge of St. Mary's parish in this city, his first charge. He remained here one and a half years and was sent to Litchfield. After filling various other charges he was returned to this city in 1897 twenty-one years ago and has been in charge of this parish ever since. He built the splendid parochial school, the convent for the sisters, remodeled the parsonage and was ready to begin on a new church when the war began. It was then decided by himself and the finance committee that this action would perhaps best be deferred until after the close of the war and soon the old church was remodeled until it looks practically like a new one. There was quite a large debt on the congregation when he assumed control but all this has been paid and the other improvements made and today the parish is entirely free of debt with a snug sum in the new church fund.

That his management of the affairs has been a success goes without saying and he has endeared himself to not only his own parishioners but to all the people of the vicinity. In reward for his splendid work he is to remain pastor of the Assumption church as long as he likes or until he desires to make a change.

CONSCRIPT WHO CUT OWN THROAT DIES

Vandalia, June 19.—Howard Lawler who cut his own throat at a camp in Kansas City died in a Kansas City hospital Monday. The body was brought to this city Tuesday and taken to his home in Sharon, where the funeral and interment took place.

Cafe Louvain

We have always said
That the reason
For a restaurant
Was to serve daintily,
Good food.
In pleasant surroundings.
And this
We have tried to do
At "The Mannheim"—

And the only criticism
Made to us—
And as we know
People in general,
We have found them
Quite ready to criticise.
Well—as we were saying.
The only criticism
Of our cafe
Has been based
Upon its name
Of German origin.

So we asked
Five of our confreres
To meet with us
And help us
To find a new name
Which would better
Represent us and our policy.
Now and for the future.

And these gentlemen,
After due consideration,
Decided upon
The "Cafe Louvain,"
As typifying
Our aims and ideals
Which we strive
To present
To the public
By means of
The food we serve
And the surroundings
In which we serve it.

And we hope
That all the men and women
Of Decatur
Will come
To dine with us
To see if the new name
Added to our food and service
Doesn't please you
As much as it pleases us.
N'est pas?

Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle

The best thing to use is just plain mulsified cocoanut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces You can get this at any drug store, and a few ounces will last the whole family for months

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff

Your mirror pays constant tribute to your charming complexion, if you use delicate, fragrant Soul Kiss Face Powder

SAYS WOMEN FEAR SUNSHINE

"Too many women regard the sun and the air as their worst enemies, rather than as their best friends," a Western women golf champion remarked recently at a Los Angeles county club

"I have been playing golf almost daily for 15 years, and I make it a rule to go hatless as much as possible. I find that the sun and the fresh air keep my scalp in excellent condition, and I have also found a fine preparation called Q-Ban Hair Color Restorer which keeps ugly streaks away from my hair, maintaining it a dark natural color. The combination certainly is most beneficial" A recent photograph of the fair golfer bears out her assertions

70% NEED GLASSES

"Practically two persons in three need their eyes cared for," writes an eminent physician, in the New York Medical Journal.

You do not realize the work expected of the eyes every day.

The least you can do is to give those faithful servants assistance when needed to relieve the strain.

CLINTON BOY IS HURT IN FRANCE

Abe Hinkle Reported Severely Wounded.

Clinton, June 19—A telegram was received in Clinton last night that Abe Hinkle, a former Clinton boy and a member of the regular army, was seriously injured on May 31 during an engagement on the western front in France Young Hinkle, who enlisted in the regular army about two years ago, was among the first to go to France

He is about twenty years old and was born and raised in this city. He is a brother of Mrs, James Trobaugh 219 North Water street, and a cousin of Hugh O'Neil, who was taken prisoner by the Germans some time ago. Both boys enlisted at the same time. The parents of Abe Hinkle are dead, the father dying about four years ago.

WHAT WOMEN CAN GO TO FRANCE

Relatives of Men in Service Must Stay.

Women relatives of civilians serving abroad are now included in the restrictions governing the issuance of passports, which were placed previously by the war department on women relatives of men serving in the army and navy

Women relatives of men thus classified who have been abroad and are now in the United States will be prevented from returning to Europe by this ruling. Women under 35 years of age are not given passports to go abroad in relief work.

This means that no women relatives of men engaged in such work as Red Cross, Y. M. C. A. or other organizations, will be permitted to go abroad, just the same as the rule which prohibits relatives of men in the service from going

Wab. Loco. Shops	0	3	.000

Muellers, the league leaders were given a surprise when they met the I. T. S. team Tuesday night, the latter winning a 5 to 4 victory in seven innings, although the west side team outhit their opponents and also counted fewer errors. Rushing and Cramer were the winning battery while Liston and Watkins worked for the losers.

The Herald won Monday night from the Wabash Clerks by forfeit. The above standing is revised and corrected and includes the postponed games of the Wabash Locomotive Shops and Wabash Clerks which now become forfeited to the other teams because of these two teams dropping out of the league.

STOLE HOME.

The winning runs for the I. T. S. came in the sixth inning. The score stood against the I. T. S. men, when Cramer, who had walked three times during the game and had stolen two bases, made his third stolen base by stealing home. This tied the score. Liston in an attempt to head off the McKinley catcher, made a wild heave, which allowed Augustine to bring in the winning run. Other features of the game were three hits by Watkins and a home run by Rushing.

SUMMARY OF SPORTS NEWS

Johnny Dundee and Young Britt fought a 12-round draw at New Bedford, Mass.

Practically all the favorites won in the women's national tennis tournament at Philadelphia.

Ten players will be added to the St. Louis Nationals as a result of the recent draft calls.

PICKS BALL TEAM FROM 6,000 MEN

Avery McGlade at Camp Shelby.

Avery McGlade had his pick of 6,000 men for a ball team down at Camp Shelby, Hattiesburg, Miss. Then, after he had picked a team which defeated the divisional team he and four of his players were taken out to put on the divisional team, thereby breaking up his own team.

Mr. McGlade, when first given the privilege of selecting a team, picked out 150 ball players, and then chose the fourteen best players out of the 150. The game played with the divisional team was the first game in which that team had met defeat since it had been at the camp.

In one letter home Mr. McGlade told of the selection of his team and its success, and in the next letter he said he had had bad luck, for he and four of his players had been picked to play on the divisional team. He wrote that he would like to bring his team up here and beat Staley's team. Mr. McGlade formerly played with the Staley team.

The divisional team plays every Wednesday, Saturday and Sunday.

32 PLAYERS IN GOLF TOURNAMENT

Kansas City, Mo., June 19.—Championship play in the eighteenth annual tournament of the trans-Mississippi Golf association began here today when the thirty-two players with the lowest qualifying scores drove off.

Stuart Stickney, St. Louis, veteran, and Frank Lynch, St. Louis "youngster" met for the first time; James Manion, St. Louis state champion, and Eddie Morrison, of Kansas City were paired, while Arthur Bonebrake, Kansas champion, played with W. D Middleton of Des Moines.

In addition to the championship flights for the presidents, vice presidents, secretarys and directeries trophies, a surprise flights has been added because of the large number of entrants, it was announced today.

BRIEF MENTION OF DOUGLAS PEOPLE

Tuscola, June 19.—Mrs. Della Basham, formerly Miss Della Liston, was adjudged insane in the county court here Tuesday. She was taken to Kankakee by Deputy S. E. Huber and wife Tuesday afternoon.

Everett Todd, a Tuscola young man who enlisted in the government service more than a year ago is now in the hospital at Fort Bliss, Texas. Young Todd suffered an attack of appendicitis shortly after his enlistment and underwent an operation for relief at the hands of the army surgeons, some where in the south. While the operation seemed at the time to be successful, the young soldier has not recovered his usual health and continues to suffer from stomach and intestinal trouble. He has been taken to the army hospital at Ft. Bliss for the purpose of having an X-ray examination, in an effort to locate his present trouble.

Abe Van Voorhis from near Hindsboro was a Tuesday's visitor in Tuscola.

Lawrence Landers was in Villa Grove Tuesday afternoon. He has resigned his position in the South Side barber shop conducted by C. C. Romine.

Curt Cooper and family of Decatur are guests of Tuscola relatives.

Shelton Henson and J. F. Barracks of Villa Grove were Tuesday visitors in Tuscola.

Charles Berlau, a wool buyer of Paris, was looking after business in this vicinity Tuesday.

Don Hammett, who is in the employe of the C. & E. I. railroad at Findlay was a Tuesday's visitor with old friends in Tuscola.

A. C. Fry is attending a convention of Undertakers at Alton, this week.

Mrs. W. B. Wilson of Danville, who has been visiting Tuscola relatives, returned to Danville Tuesday.

Miss Blanche Caraway was in Murdock Tuesday.

Earl Seaney went to Indianapolis Tuesday for a visit with relatives.

James L. Dawson and Charles Mason were among the Tuscola people who were in Decatur Tuesday.

Prof. Charles Gott of Franklin, La., was called to Tuscola on account of the serious sickness of a twenty-two month's old son, who was taken sick while Mrs. Gott and children were visiting at the home of Mr. and Mrs. F. W. Read of this city. Dr. Edward Wrightsman of Chicago and Mrs. Sarah Wrightsman of South Haven, Mich., brother and mother of Mrs. Read are also visiting in Tuscola.

Dr. M. E. Lollar, Misses Anna Thoeming and Redith Laughlin were in Mattoon Tuesday afternoon.

Rev. M. B. McFadden has gone for a visit to his farm in southeast Missouri.

ARTILLERY SCHOOL AT WEST POINT

5,000 Men Will Trained in Kentucky Camp.

Camp Taylor, Ky., June 19—Lieutenant Colonel A. H. Carter, who has arrived at Camp Zachary Taylor to take command of the artillery training school that is to be established there said last night that there would be about 5,000 field artillery officers trained at the local camp and at West Point during a single course. The colonel stated that the training school would be permanent and that, although no offical word had arrived at the reservation that designated the artillery officers to be brought here for training, the soldiers would soon begin to report.

All doubt that an enormous artillery training school would be established at the local camp was dispelled when Colonel Carter arrived. The new commandant for the school is directly from Washington and has been in close touch with the war department since the inspection by Brigadier General William A. Snow of Camp Zachary Taylor and of West Point.

BIG DAY FOR DECATUR BABIES

Children Weighed by the Score.

PERFECT BABIES WEIGHED TUESDAY

Lincoln school—Evelyn Parsons, 22 months old, 1449 North North Church street, daughter of Dr. and Mrs. H. E. Parsons.

Warren school—Wilson "Jack" Briggs Pollard, 404 E. Center St., son of Mr. and Mrs. W. C. Pollard.

Durfee school—Harold Leroy Sawyer, 1117 East Wilnut street.

Gastman school—Jack M. Blackburn, 832 West Eldorado street.

The child welfare stations in six different school buildings Tuesday afternoon weighed and measured many babies but not as many as the women in charge would like to have had brought to the schools where the work can be done so much more rapidly and easily than it will be possible in the house to house canvas which must be made later to be sure that all the children have been registered.

The women who are giving so much time to the work are doing so at the request of the government and they feel that the mothers should, if possible, do their share by bringing the babies to the stations before they are closed and the house to house work starts.

60 AT LINCOLN.

Miss Jennie Compton and Miss Nessie Bartley, nurses, measured and weighed sixty babies at the Lincoln school Tuesday afternoon. Among the babies was one seven weeks old that weighed only six pounds and another three weeks old that stretched the spring scales to 14 pounds.

At Warren school only twenty-four were registered and at Durfee twenty-one youngsters were brought in for measurements.

Mrs. W. C. Pollard was the nurse at the Warren school and she was assisted there by Mrs. Dan Dinneen, Mrs. M. T. Heffernan, Mrs. L. S. Stubblefield, Mrs. J W Miller, Mrs. E. V. Huston.

TWINS AT DURFEE.

Miss Emeline Lynch, the child welfare nurse, had charge of the weighing at Durfee and in her list were the twins of Mr. and Mrs. George E. Steiner, 1214 East Orchard street.

Mrs. J. P. McGarry was in charge at the Roach school with Mrs. Herbert Corman as nurse and they looked after forty children during the afternoon.

At the Jasper street school Mrs. Harry Ruthrauff was in charge and she was assisted by Miss Gardanier as nurse.

FINISH AT GASTMAN.

At the Gastman school only a few children were brought Tuesday and the station there was closed with instructions to mothers who could do so to bring their babies to the Dennis school Wednesday.

IN WALNUT GROVE.

The United Brethren church in Walnut Grove addition will be the baby saving station in that district all day Thursday and Friday.

In the mornings from 10 to 12 and in the afternoons from 2 to 5 Mrs. Harold Ruehl will be in active charge of the work there.

BABY CAMPAIGN NOTES.

At the Lincoln school the women in charge did not get home until 6:30 Tuesday evening. The rush of children came late in the afternoon. Among those who helped there in addition to Mrs. W. G. McCullough and Mrs. W. S. Barnett were Mrs. D. D. Hill, Mrs. Frank Liston, Mrs. D. Ferguson, Mrs. J. L. Shields, Mrs. Charles Chapman, Mrs. George Johnson.

A fine pair of twins, boys, aged seven months, were brought in by their proud daddy, A. J. Smith, 1061 West King street, at the Lincoln school Tuesday.

Those who assisted Miss Emaline Lynch at the Durfee school were as follows: Mrs. A. D. Mercer, Mrs. H. R. Hopkins, Mrs. Martinie, Mrs. Hillard, Mrs Reisch, Mrs. Burnsides, Mrs. Roy Ball, Mrs. Kunzelman.

Babies of the Riverside district south of Cantrell and east of Webster streets, will be weighed and measured at the Riverside school Thursday afternoon from 2 to 5. All mothers are urged to bring their children, who are under six years of age, for this examination.

DR. ONEAL HERE TOMORROW

In another part of this paper is the announcement of Dr. Oneal's visit at the St. Nicholas Hotel on Thursday and Friday, June 20th and 21st. Dr. Oneal is an oculist and aurist of 35 years' experience and is well known to many readers of this paper. Mr. and Mrs. Doddek, 1113 Grand Ave., are happy because Dr. Oneal straightened their little girl's eyes recently. So are Mr. and Mrs. Berthold of 639 So. Franklin St. If you are losing your sight or hearing, or have head noises or catarrh, you had better see Dr. Oneal on this visit. Try and see him as soon as posible. Examination and consultation are free, and he will tell you the truth about your case as he sees it. If you cannot be cured or helped he will tell you so. If he thinks he can help you he will give you one treatment free of charge so that you may see what it is like and judge for yourself. He straightens cross eyes and removes adenoids in a few minutes without pain or the use of an anestehetic. Adv

BEEF FOUR TIMES A WEEK.

If you take all your meals at a restaurant it will be seen to that you do not get an unpatriotic quantity of beef. Under the rules and regulations you can have it four times a week, that is, provided you care for beef in various forms.

You can have it once a week as steak, once as roast, and twice in boiled form. If you don't care for boiled beef, and perhaps most people don't, you will have to get along with something else, for all but two meals a week. But under gentle pressure you may come to like boiled beef.

In this arrangement we find nothing in relation to hash. One wonders what is to become of the beef that is not eaten at the meal when first served. If we can't have it in hash it is likely to go to waste. They can call it by some other name, however, the patron will not know the difference.

We shall have no trouble to get along with beef four times a week. There are other meats that can be had to fill in on other days. And by this time it is generally recognized that one can get along famously on a small part of the meat that was eaten by the pioneer forefathers. And, by the way, they didn't have fresh beef four times a week. Some had it about that often in a year. And they were good men.

NO MORE SLIGHT WOUNDS.

The army casualty list for Tuesday had this line: Severely wounded 33, wounded slightly, 1.

So far as the American army is concerned the slightly wounded have almost disappeared from the list. Day after day we get reports in which practically all the wounded are severe cases.

This is not according to the practice in warfare at least not in modern times. In other wars the story of a battle told of the wounded, and nearly always the slightly wounded far outnumbered the severely wounded.

We don't know why there should be this difference in the present war. As a matter of fact it is something that has appeared only lately. The change may be accounted for in more than one way.

It is possible our boys in their enthusiasm do not quit the day's fighting when they are slightly wounded, they may keep on at the work until they are hard hit.

Another possibility is that soldiers of the American army fail to report slight wounds.

And there is the chance that doctors report all wounds as serious. There is a notion that a doctor gets more credit if he cures a serious case. It is told there are doctors who in their home town practice never treat mild cases; everything that goes to them is serious and bordering on the desperate. It may be that some of this style of reporting has been carried to the fighting over the water.

Only a few days since we were told officially that 80 per cent of wounded men get back into the fighting after a short time, a period of two to five weeks. So that if all the cases are serious the doctors are working wonders.

POTATOES IN UTAH

There is a story that a man in the state of Utah grew 825 bushels of potatoes on an acre of ground. And this man had his acre down near the Arizona line, rather poor soil, as we have been told.

Here is the garden spot. Some off years you would have to gather all the potatoes in half a township to get 825 bushels. And we do not begin to admit that Utah is in the same class as our own section when it comes to growing stuff to eat.

The explanation is that [illegible] op depends on weather conditions. When the weather comes right you can grow a carload of potatoes on a sand hill, that we in Macon county would not call farming land. When the weather is off you can't get many potatoes off the best [illegible] outdoors.

Many years ago we [illegible] nois began to have difficulties [illegible] the strawberry [illegible] time [illegible] getting potatoes here [illegible]

of a gamble. When the world is behaving itself we let others grow our potatoes, but in these war times we are called on to take a chance. When the war is done we shall return to the old practice. We shall be pleased to do our part to encourage the potato grower who has to live in Utah.

HE WILL DO US HONOR.

Alex Van Praag, a mighty good man of only 61 years, wants to go to France to be right up close to the fighting. He is asking the Y. M. C. A. to find something for him to do there.

And Alex will give a good account of himself if they will only take him on. When he gets over there he may run onto John R. Dougherty and the two should make a real team.

We would like to have some of the folks in France and Belgium see Mr. Van Praag in action, say 17 hours out of the 24. We want those folks to get some notion of the fine way in which America cares for good men. In an exhibit of this kind we don't know of any one we would pick in preference to Van Praag.

The fact is that Mr. Dougherty will have to let himself out to the limit to keep up after Mr. Van Praag gets into the going.

TOO LATE BY FOUR YEARS.

We don't believe the kaiser can be regarded as an artist when it comes to presenting a case. Saturday last he had a celebration of his own and then the spirit moved him to blow off in this fashion:

> "Either German principles of right, freedom, honor and morality must be upheld, or Anglo-Saxon principles with their idolatry of Mammon must be victorious."

Let us see. The kaiser and his armies are in Belgium and they have trampled it under foot. Belgium did him no injury, and he had covenanted to respect its independence. And he calls that kind of thing "right, freedom, honor and morality."

If he wanted to say something like this he should have picked another time, before August of 1914. It does not fit the man now, it doesn't go with the performance of his nation. He wastes time when he pretends that it does, for nobody will believe him any longer.

The kaiser is the head of the Potsdam crowd. Why should they give any time to talking about freedom, honor and morality? They have devoted their lives to something else, and just now they are staging a grand demonstration of all the deviltry they nursed through fifty years.

The world is sick of those fellows, for at last it knows them for what they are. The kaiser prates about freedom, honor and morality, in which he is only a modern version of old Lucifer turned psalm singer. But that tune is now played out.

NEVER HAD THE TURN

It is remarked that the schools of today are not able to teach pupils any thing like use of a foreign language and it is said by way of criticism.

But schools of other days were in the same bad fix. In an article in the July Cosmopolitan Arnold Bennett has this as an opening sentence:

> "In former days, having then recently discovered that after 25 years study of the French language I could neither speak it with any freedom nor currently understood it when spoken."

There it is. We know Arnold Bennett to be a clever man, who took seriously to books and studies. He gave much time for twenty-five years to the study of French, and he didn't get far with it. The French could not understand him and neither could he understand them.

It speaks bad for the system of teaching French employed in the days when Arnold Bennett was in school. The style of man should be able to get a language [illegible] the schools [illegible] get [illegible] the [illegible]

HONOR AND PLUNDER

[illegible]

emy (Italy), there glory awaits you, and also honor, good food, abundant spoils and final peace." And then he adjured them to go to it.

Well, the trick isn't as easily turned as that. These crowned speech-makers are not much good. One feels they are not worth the cost of their keep at anything, and moving oratory is not their long suit.

Charles promised his soldiers food and plunder. A queer kind of talk to make in this day of the world. A Christian emperor is Charles, but he belongs back in the dark ages. One is not surprised to learn that many of his own people don't care for him.

In the mind of this man glory and plunder go together. These crowned heads haven't made any progress in the past thousand years. Very likely it will be a good day for the world when they go off the job.

Somebody reports that only 40 per cent of our people have sent in an order for next winter's coal. The remaining 60 per cent will please speak up at once. It is easy to get the coal now, and it will not be easy next winter.

With Italy driving on one side and the Germans on the other, the Austrian is in a promising way to get himself uncomfortably crowded.

Mayor Dinneen says that weeds will not be tolerated. Where does the mayor classify the dandelion?

Those who imagine Louvain can't be mispronounced ought to hear a dozen of us trying to get it right.

Charged With Disorderly Conduct.

Robert Romans, twenty-eight, and Hazel Koontz, twenty-four, both of 507 South Jackson street, were arrested Tuesday evening on complaint of Charles Koontz who charged them both with disorderly conduct. Their case is set for 1 o'clock Wednesday afternoon, June 20, in Justice Noble's court.

R. C. AUGUSTINE NAMED PRESIDENT

Of National Optical Association at St Paul Meeting

Dispatches from St. Paul, Minn., Wednesday state that R. C. Augustine of Decatur was today elected president of the National Optical association which is in session there. Mr. Augustine was known to be a candidate for the place for some time and his election was practically assured.

The position is a big one and carries with it many interests and responsibilities. Mr. Augustine will be called upon to do much travelling during the next year to the various state and local societies in different parts of the country.

MAYOR URGES PURCHASE OF THRIFT STAMPS

Mayor Dan Dinneen has just issued the following proclamation:

"The President has fixed upon June 28th as National War Savings Stamp Day. The Governor of Illinois has also issued a Proclamation in its support. The War Savings campaign is a most important one—not only in helping the Government in carrying on the war, but it will determine how generally our people are participating in the war.

"Our man power is now rapidly moving to the battle front. Our Liberty Loans have been taken with great success. There are however millions of our people who are neither playing a part in the battle lines nor subscribing to Liberty Bonds.

"There are none, however, within our borders who cannot buy Thrift Stamps or War Savings Certificates.

"Back of our military lines are the patriotic forces at home. The more completely these latter are mobilized the more irresistible become our forces at the front. There can be no better measure of our second line of defense than the number of those who shall own Thrift Stamps and War Savings Certificates.

"In the purchase of these securities upon terms more favorable than even the Liberty Bonds can be bought, the humblest in the land are given an advantage over the great bankers. Those who avail themselves of this opportunity serve not only their country, but serve themselves as well. Habits of thrift and economy will be formed, and thrift and economy are not only necessary to win the war, but will also be the basis of our future wealth.

"I URGE UPON THE MEN AND WOMEN AND CHILDREN OF DECATUR THAT BEFORE THE HOUR EIGHT P. M. ON FRIDAY, JUNE 28, 1918, ALL WHO HAVE NOT THERETOFORE DONE SO REPAIR TO THE NEAREST PLACE OF REGISTRATION PROVIDED BY THE WAR SAVINGS COMMITTEE FOR DECATUR AND THERE SIGN WAR SAVINGS PLEDGE CARDS. IN THIS WAY DECATUR CAN SHOW THAT SHE IS HEART AND SOUL BACK OF HER SOLDIERS AT FRONT AND IS IN KEEPING WITH DECATUR'S SPLENDID RESPONSE IN MEN AND MONEY TO ALL PREVIOUS CALLS TO AID THE GOVERNMENT IN ITS PROSECUTION OF THE WAR.
[illegible] Mayor."

Ten Years Ago Today In Decatur

JUNE 19, 1908.

William Howard Taft was nominated as Republican candidate for president at the national convention in Chicago. James S. Sherman was named as vice-presidential candidate.

The Decatur Brewing Co. was running day and night to manufacture white ribbon beer.

The water and light committee of the city council recommended a new filter plant and intercepting sewer to be built in Riverside. The estimated cost was $100,000.

Decatur grocers voted to hold their annual picnic at Miller Park in Bloomington.

Owen Scott was in Mattoon to take part in the cornerstone laying of the Odd Fellows Old Folks home.

TWENTY YEARS AGO TODAY.

About twenty-five men under the leadership of C. M. Hurst made the trip to Clinton on bicycles.

It was Sunday and the street cars were started at the usual week-day hour of 5:30 a. m. to give the people leaving town an opportunity to ride to the station.

Two hundred and twenty six people went to Peoria on the excursion.

There were accidents of various kinds to nine children. None were serious.

MRS. ALMIRA BELL DEAD AT FORREST

Mrs. Almira Allerton Bell, widow of Robert Bell, died at 12:30 o'clock Tuesday morning at the home of her daughter, Mrs. C. A. Lusinger, at Forrest, Ill. She was seventy-eight years old last April. Mrs. Bell had been in failing health for two years. Death was due to leakage of the heart.

Mrs. Bell was born in New York city, April 29, 1840. She was the oldest daughter of Anson and Tamar Allerton and was a descendant of Isaac Allerton, who came to America in the Mayflower. Her early life was spent in New York. She came to Decatur in 1893 and resided with her daughter until they moved to Forrest four years ago. Mrs. Bell was a member of Grace Methodist church while she resided in Decatur and was also a member of Progress Rebekah lodge.

Mrs. Bell is survived by four children: Mrs. Alice Musselman of Beloit, Wis., Minnie Ebert of Berkeley, Cal., Mrs. Jane Lusinger of Forrest and Arthur Bell of Villa Grove. There are ten grand-children and three great grand-children. Two brothers and a sister also survive. They are Charles W. Allerton and William C. Allerton of San Francisco, and Mrs. Alice R. Stebbins of Clinton, N. Y.

The body will be brought to Decatur and the funeral will be held at 3 o'clock Friday afternoon at Grace Methodist church.

First Baptist Aid Meeting

Members of the First Baptist Aid society of district No. 5 met Tuesday afternoon at the home of Mrs. W. A. Brown on South Union street. The regular business meeting was held and refreshments were served.

HENRY MARTIN IS PNEUMONIA VICTIM

G. A. R. to Have Charge of Funeral.

Henry Martin, one of the best known residents of Macon county, died at 3:20 o'clock Tuesday afternoon at the Decatur and Macon County hospital. He would have been eighty years old, Sept. 1. His death was caused by pneumonia. About two weeks ago on his return from Peoria where he attended the state encampment of the G. A. R. he contracted a severe cold and pneumonia developed. He was taken to the hospital last Friday. For awhile it was thought he would recover, but Tuesday he grew suddenly worse and failed rapidly.

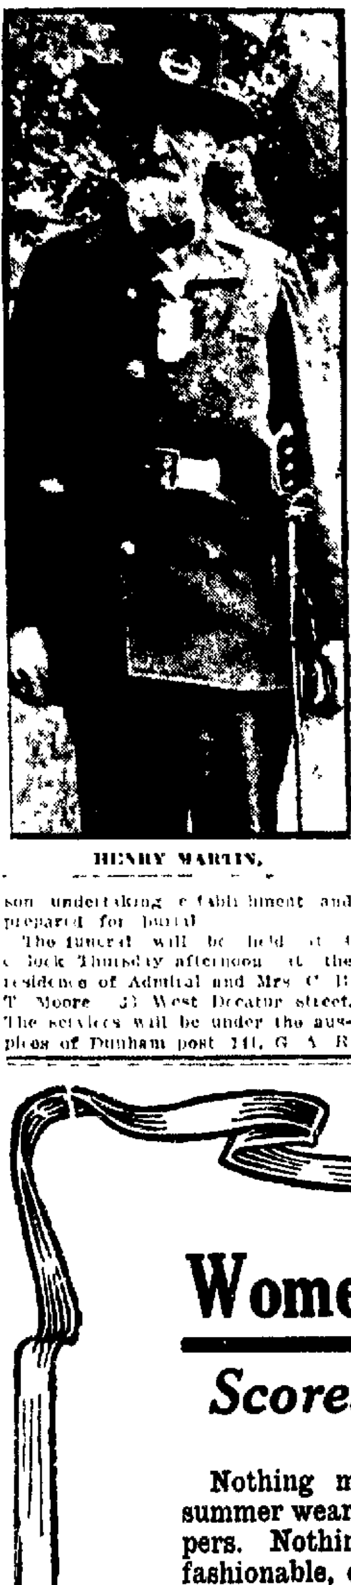
All of the older residents of Macon county knew Henry Martin, as did also most of the younger generation. He was a brother of Mrs. Jane M. Johns and Comrade William F. Martin. He was a son of Mr. and Mrs. William Martin, who came to Decatur in 1872. Henry Martin was born at Circleville, O., Sept. 1, 1838. The family moved to Illinois in 1849 and settled on a farm of 2,000 acres about six miles west of Monticello. Mrs. Johns and W. F. Martin came with their parents, but Henry Martin was attending an academy in South Salem, O., and did not join the other members of the family until a year later. The family moved to Decatur in 1857. Decatur was then a straggling country village and in bad weather the streets were hub deep in mud.

Henry Martin was actively engaged in farming north of Decatur until about three years ago, having occupied his farm there since 1869. He and Miss Carolina Colladay were married in 1871. Mrs. Martin died in 1915. Since her death Mr. Martin has made his home in Decatur.

IN CIVIL WAR

Henry Martin was a veteran of the Civil war, serving two enlistments. He was one of the first to enlist when volunteers were called for in 1861, joining the Eighth Illinois Volunteer Infantry, commanded by Richard J. Oglesby. That enlistment was for three months. At the end of that time he was discharged and two months later, in September 1861, he again enlisted, in the Seventh Illinois Cavalry, serving till the close of the war. He was mustered out at Nashville, Tenn., in November, 1865. He was a member of old Post 1, the first G. A. R. post organized in the United States. A few years later that post was disbanded. Later it was reorganized as Dunham post 141, G. A. R., and he has been a member of that organization ever since. For almost fifteen years he was a justice of the peace in Hickory Point township.

Mr. Martin is survived by a foster son, Louis Martin of Decatur. He also leaves his sister, Mrs. Jane M. Johns and his brother Comrade William F. Martin. His nephews and nieces are Luther L. Martin of Decatur, Harvey Johns Martin of Spokane, Wash., Dr. Frank C. Martin of Alameda, Cal., Miss Maude Martin of San Diego, and Mrs. C. B. T. Moore. The body was removed to the Dawson undertaking establishment and prepared for burial.



HENRY MARTIN.

The funeral will be held at 4 o'clock Thursday afternoon at the residence of Admiral and Mrs. C. B. T. Moore, 33 West Decatur street. The services will be under the auspices of Dunham post 141, G. A. R. Dunham Post will meet at the G. A. R., hall at 3 o'clock to attend the funeral.

W. L. OAKES, OLD MANUFACTU'R, DEAD

William Lintner Oakes, proprietor of the Decatur Novelty Works, died at 9:30 o'clock Tuesday night at the family residence, 444 South Webster street. He would have been seventy years old in December. Mr. Oakes had been in failing health since last January, but neither he nor his family seemed to realize that his condition was critical until shortly before his death. Mr. Oakes was widely known and was prominent in business circles and one of the men who helped put Decatur on the map as a manufacturing center.

Mr. Oakes was born Dec. 13, 1848, at Fairfield, O. His boyhood was spent on a farm. He came to Decatur when a young man and was employed by the Lintner Pump company, which was one of the city's prominent industries at that time. He also worked for the Decatur Furniture factory.

Mr. Oakes and Robert Faries, in 1877, started a general machine shop at the corner of William and Morgan streets. Several years later Mr. Oakes purchased the interest of Mr. Faries and ever since then he had conducted the business alone under the name of the Decatur Novelty Works. It was appropriately named. In the early days people took machinery of all kinds there to have repairs made, and Mr. Oakes and his employes were able to mend anything from a scythe to a steam boiler. He made a success of the business. He was a man of tireless energy and wonderful nerve force, and for over forty years he had the active management of the plant, and nearly all of that time he was making a hand in his own factory. He always stood high in the community and was regarded as one of Decatur's most substantial citizens.

Mrs. Oakes and Miss Kate C. Muzzy were married Nov. 16, 1876. He is survived by his wife and three sons and four daughters. The children are William L. Oakes, Jr., Miss Bernice Oakes, Miss Dorothy Oakes and Mrs. Walter D. Mannering, all of Decatur; George R. Oakes of Long Beach, Cal., Oliver M. Oakes of Battery D, Seventy-Eighth Field Artillery, Fort Sill, Okla., and Mrs. C. B. Padon of Chicago. There are six grand-children. He also leaves a brother, John M. Oakes of McPherson, Kan. Another brother, Cyrus A. Oakes, died at Lake Geneva, Wis., recently.

Arrangements for the funeral will not be completed until relatives at a distance are heard from.

NEW LOCATION FOR LEAVENWORTHS

Grocer Company Will Occupy Room on Lincoln Square.

The rooms in the southwest corner of Lincoln Square which have been occupied by the J. G. Starr & Sons Hatters Co. for more than half a century will be remodeled and taken over by the Leavenworth Wholesale Grocery Co.

The papers completing the deal were signed Tuesday night and the work of remodeling the building will begin immediately so that the new tenants may get into the rooms by July 15 if possible.

The two rooms will be thrown into one, new floors will be laid, the basement will be cemented and deepened, and the front made up to date. This will give the concern 40 feet frontage and a fine store room on the first floor with ample basement stock capacity.

How to Keep Cool on a Summer Washday

Painstaking hours of hard rubbing and working over a steamy washboiler aren't a bit necessary in summer. Indeed, you can get better results without boiling and hard rubbing when you use a soap like Fels-Naptha.

Used in cool or lukewarm water, Fels-Naptha gives you a splendid wash with little effort and in far less time. The powerful cleaning combination of soap and naptha cleans perfectly, and without harming the clothes in the least.

Here is the cool, easy way to wash white clothes. Wet them, rub the soap on well, cover them with water and let them soak thoroughly. Rub lightly, rinse thoroughly, wring and hang out. How much better than the old way.

Directions for washing all clothes are found under the familiar red and green wrapper.

Decatur Autoists May Attend Event.

Decatur motorists will be interested in the centennial pageant which will be put on at Starved Rock, July 4, 5 and 6 when over 1,000 real Indians from the Tama Reservation in Iowa, members of the Sac and Fox tribes of Illinois, together with nearly 1,000 other people will put on a production of the coming of Father Marquette and the French soldiers.

The last stand of the Illini upon the summit of the historic rock will also be depicted and realistic reproductions of the scenes of the early days will be made.

Seats for 5,000 people will be provided and as the scene will be laid out at the foot of the hill facing Starved Rock every incident from the landing of the canoe of Father Marquette to the final tragedy of the Rock will be visible to the spectater.

MISS MAY BOLAND TO WASHINGTON, D. C.

Miss May Boland, principal of the Pugh school, is preparing to leave for Washington within the next two or three days. Her mother, Mrs. J. O. Boland, will accompany her and the two will spend a year in Washington. It is understood that Miss Boland has a position there in the government service and has been granted a year's leave of absence from the Decatur schools. Miss Fern Boland, formerly secretary to the superintendent of school, has been in Washington for several months.

Private Roy E. Howard and Wife.

Private Roy E. Howard is with Company A, 124th Machine Gun battalion, now in France. He belongs to the signal corps of that company. He was married last winter at Galveston, Tex. He is the son of Mr. and Mrs. J. T. Howard, 1518 North Church street.

TOURING PARTIES ARE INCREASING

Many Travelers Pass Through on Automobile Trips.

Touring parties are increasing in number through Decatur. Monday night parties stopped over night here from St. Louis, Brazil, Ind., and Indianapolis.

Road reports are that the highways in central Illinois are the most dusty of any. Heavy rains have occurred down around Staunton, near Springfield, and a Decatur man was compelled to leave his car in Bloomington the other day on account of mud between this city and that place.

CAMPAIGN FOR MORE NURSES

Large Posters Received in Decatur.

The campaign to secure nurses for war service is on in dead earnest by the Red Cross and the Macon county chapter Tuesday received some very large posters to be used for this purpose, showing a Red Cross nurse on active duty with a wounded soldier and another looking on, with the sentiment expressed that "the soldier needs you."

In addition to this poster a large number of white pennants with a red cross and the appeal, "Our Boys Need 25,000 Red Cross Nurses," printed in red, have also been received for distribution.

Nurses who have not been practicing are coming forward and agreeing to do home service work if they cannot go into the army service, thus releasing other nurses for that purpose.

One young woman, who is a graduate nurse but who is married and whose husband is in the service, cannot therefore go abroad, as a man and his wife are not allowed to go into foreign service, either together or separately, and this young woman has registered with the Red Cross for home service.

Others who have graduated as nurses but who did not take up the work, are coming forward at this time and agreeing to serve somewhere.

Dr. Oneal Straightens Cross Eyes

Removes Adenoids, Treats All Eye Diseases, Failing Sight, Deafness, Head Noises And Catarrh

He Will Be At the St. Nicholas Hotel, Decatur, Thursday and Friday, June 20 and 21.

(HOURS 9 a. m. to 5 p. m. EACH DAY)

READ SOME OF THE REMARKABLE CURES HE IS MAKING AND CALL AND LET HIM GIVE YOU ONE TREATMENT FREE.

Many people do not realize that Dr. Oneal can straighten cross eyes in two or three minutes without pain. If you doubt this you can see or write to Adam Thompson, 1044 South Calfax St. He was cross eyed from birth. He says: "Your method is painless and caused me no trouble—the next day I was out the same as usual." Many cases of blindness caused from inflammation, ulcers, scars, granulated lids, sore eyes, cataracts, weak nerves and muscles of the eyes may be cured. Most cases of deafness, loss of hearing and head noises are curable by his mild method treatment. Every case of catarrh of the nose and throat should be curable. It is hardly ever necessary to operate on the nose to remove enlarged turbinated bones, not to operate on the tonsils—the diseased condition can be removed by treatment. Adenoids can be removed by his method without any anesthetic or danger of hemorrhage. Catarrh is a constitutional disease and must be treated through the system as well as locally to cure it. Dr. Oneal's treatment is complete. To prove the above statements he has been successfully treating hundreds of people in and around Decatur for 23 years. He has had a vast experience and expert knowledge that can only come to an oculist and aurist of 35 years' practice. He restored sight to Ira Merchant, well known in Bloomington, also to Mrs. Wright of Stanford, and I. M. Ackerman, of Normal.

Here is a letter from a well known lady of Harmon, Illinois:

Dear Doctor:—For fourteen years I had cataracts on my eyes and part of the time was nearly blind. I went to Chicago twice and had several operations, but the benefit I received was only temporarily. In the summer of 1904 my eyes became so much worse I began to think of another trip to Chicago, which I dreaded, for I knew it would not be a permanent cure. About that time I noticed your advertisement and I was convinced you could help me. I began the treatment and continued it for eight months. My eyes improved slowly and gradually until I could read the finest print with ease and see at a longer distance than I have for many years. It gives me great pleasure to tell others what you did for my eyes. This is written over a year after the treatment and the cure seems permanent.

MRS. WILLIAM EDSON.

Prof. Van de Sande, who established the first conservatory of music in Chicago in 1865, having a national reputation as a pianist, says:

"I almost lost my hearing a few years ago and was greatly troubled with head noises. Dr. Oren Oneal cured me in a very short time and the cure remains permanent.

"Dr. Oneal also restored my sight by his dissolvent treatmet, after I had become almost blind with Cataracts.

"I cannot speak too highly of Dr. Oneal's ability as an oculist and aurist, and knowing him to be thoroughly reliable and responsible, take great pleasure in recommending him to all who need his services."

PROF. S. P. F. VAN DE SANDE.

CURED IN TWO MONTHS OF DEAFNESS, HEAD NOISES AND GATHERINGS IN THE EARS

Momence, Ill.

Dr. Oren Oneal: I was troubled with gatherings in my ears and deafness and head noises, and I doctored with several doctors and they only gave temporary relief. After using your medicines about two weeks I began seeing a change for the better. I have taken two months' treatment and my ears are well and I can hear as well as I ever could. I do not have any more head noises or gatherings in my ears.

CHAS. D. HAMBLIN.

Dr. Oneal invites everyone suffering with any eye or ear trouble to call on him at the St. Nicholas hotel for a free examination and if he thinks he can help you he will give you one free treatment to show you how it acts—how it cures. You will be under no obligation to continue the treatment or to pay any money unless you wish to do so. Many cases obtain immediate relief at once and complete cure with his treatment. Try it and see. Dr. Oneal's Chicago address is 177 N. State St.

Dr. E. E. Flannery

The Man Who Took the High Cost Out of Dentistry

Three Reasons Why Dr. Flannery's *Dental Work is the Best at Any Price*

First: Our large volume of business, which, through earnest effort and good dental work, has grown to be the largest in the city, enables us to do work on a smaller percentage of profit.

Second: We buy our dental materials in large quantities, which, therefore, affords us a much lower price; while much of the present materials we have on hand were purchased before the war and cost us less than half the present prices.

Third: There are no delays in Dr. Flannery's Dental Workmanship. When you come to our office your work is done promptly and thoroughly, as quickly as possible, making no unnecessary appointments to waste our dentists' time, thereby saving the biggest expense in dental work.

Permanently Located in Decatur

Dr. Flannery asks you to investigate his record through thousands of satisfied patients—to put them to the most exacting tests you can think of—to compare his work, price, accomplishments, stability, square dealing with that of others—then pass judgment and act on that judgment.

MR. FARM OWNER AND RENTER

The alluvial soil farms in Southeast Missouri that we are offering for sale at unusual prices and terms, represent the cream of fertile land of that well known productive district. We offer a few high-class farms of from 80 acres upward at wonderfully attractive prices which if sold by June 20, purchaser gets half of wheat crop, now ready to harvest. This wheat will run from 25 to 40 bushels per acre. Many prominent Macon Co. farmers and investors have already purchased. This opportunity requires prompt action. Only one night's run from Decatur. Ask us for details.

CUTTING CLOVER HAY AT ATWOOD

Atwood, June 19—Hay harvest is on in full blast The clover is of fine quality and the crop is heavy Wheat is beginning to ripen rapidly now and a few pieces will do to cut soon Oats are heading nicely but a good gentle rain will prevent the heads from cooking in the milk state.

Corn looks fine and is of good color despite the dry hot conditions. A good rain is needed very badly In some sections it has been about five weeks since a good rain fell. The gardens too need rain, also the small fruit An abundant crop of blackberries would be saved by a shower

SHELBYVILLE MAN KILLED IN BATTLE

Shelbyville, June 19—Charles Hubbard, whose name appears today among the marines killed in action, is the son of Mrs. Mary Hubbard, widow of Anderson Hubbard, living just over the county line in Effingham county, and directly south of Shelbyville. He enlisted in the marines a little over a year ago and had been in France one day less than a year when killed.

Hubbard was eighteen years old. One of his brothers, Clifford, is in France with the American army. Four brothers, Fred, William, Jacob and James, and one sister, Mrs. Edith Burgess, of Humboldt, survive.

Charles had not had a furlough since his enlistment. He went to the marine training station in South Carolina, and was sent directly from there to France.

CHRISTMAN WESTERVELT.

Edgar H. Christman, an insurance agent and Miss Grace L. Westervelt, a daughter of Dr. and Mrs. J. C. Westervelt were married Tuesday evening at 9:30 o'clock at the home of the bride's parents. Rev. M. G. Coleman officiated.

The couple went to their home at 2206 South Second street. Mr. Christman was formerly in the grocery business in Shelbyville. His bride was the librarian at the Shelbyville public library from the time of its opening in 1905 until May 1, when she resigned.

FUNERAL OF MRS. FINKS.

The funeral of Mrs. Catherine Finks will be held at 4 o'clock this afternoon from New Hope church, and burial will be made in Glenwood cemetery.

Timely Advice To All Users of Warm Air Furnaces

Do not wait to have your furnaces put in order for next season's use. You may need repair parts — factories are behind on their orders and freight service very, very slow. Competent furnace men are scarce—the time is getting short—if the people delay, many will be uncared for when winter arrives. Have us call now and know that you will not be caught.

Furnaces cleaned for from $1 to $2 — resulting in better heat and saving two or three tons of coal.

Economy Jim.

Every furnace regardless of kind should be cleaned by a competent furnace man—who understands how.

PLAN TO CATCH DECATUR SLACKERS

Men Who Do Little or Nothing Must Get Busy.

REGISTER ALL MALES

Every Able-bodied Man Will Be Included.

Everybody must do something to help win this war and the most concrete step yet taken to see that everyone does his share took place Tuesday when it was decided that all males in the county above eighteen years of age should be registered so that definite information would be available showing just what each man was doing.

NO AGE LIMIT.

And there is to be no age limit. If a man is able to do even a part of a day's work he is to be called upon to do it. Land owners who have been taking their ease in town are to be asked to do something more directly in the way of production, either on the farm or in the city so that city men may be released to help in the country.

This decision was made at a meeting of members of the state council national defense and other war organizations at the court house Tuesday evening when Joseph P. Lyons, sent out by the state council of national defense for that purpose, spoke of the necessity of organizing and utilizing the idle man power in this country.

Judge W. H. Whitfield, State's Attorney J. L. Deck and Mayor Dan Dinneen were made a general committee to have supervision of the work, and they appointed Sidney B. Smith chairman of a county committee and with him are associated Mayor Dan Dinneen as vice chairman for the city, Chairman C. L. Taylor of the board of supervisors, vice chairman for the county townships and Thomas Davis, of the federal labor bureau, secretary.

MAKE MORE PLANS.

A meeting of the board of supervisors and of the city commissioners has been called for Saturday afternoon at 2 o'clock to go over details in the plan to enlist every able bodied man in some form of industry.

Arrangements will be made for the distribution of the workers and other details of the proposition will doubtless come up for discussion at that time.

Mr. Lyons expressed himself as pleased with the attitude shown in Decatur, remarking that the spirit of the community seemed more friendly to the plan than in any other place where he had been.

SOME LOSSES IN STOCKS REGAINED

New York, June 19. — The stock market lost much of its breadth and activity after the first half hour today, leaders developing irregular tendencies. Dealings in rails were limited to low grade coalers. Equipments and war shares reacted variably on light offerings. Royal Dutch Oil broke 13 points on a single sale. Prices stiffened again at noon under the lead of United States Steel and Reading. Liberty 3½'s sold at 99.54 to 99.60; first 4's at 94.24; second 4's at 94.12 to 94.24, and 4¼'s at 96 to 96.10.

REVOKES FUEL CONCERN'S LICENSE

Washington, June 19—Fuel Administrator Garfield today revoked the federal license of J. P. Entertained on Lawn.

A number of little children, directed by Miss Elizabeth Whitehurst assisted by Miss Suzanne Whitehurst, gave a pleasing entertainment Tuesday evening on the lawn at the residence of Mrs. Henebry, 761 West Leafland avenue. Their costumes were made to represent different flowers and the effect was beautiful. The cost of admission was one cent. Popcorn balls and punch were served at the same price. Through the efforts of these little patriots the surprising amount of $9 was taken in. It will be given to the Red Cross.

The program consisted of songs, recitations and dances, closing with the "Star Spangled Banner." The children who took part were Helen Henebry, Tyler Lovelace, Ruby Lovelace, Virginia Crum, Lucille Henebry, George Henkle and Helen Fair

CORN MARKET SCORES ADVANCE

Chicago, June 19.—Falling off in receipts, together with a belief that the crop movement would be still more curtailed as soon as much wheat was ready for shipment had a bullish effect today on corn. Initial declines due to favorable weather were not of a lasting sort, as government advices showed need of rain in important districts. Opening prices, which ranged from ⅛c off to ¼c advance, with July $1.43⅞ to $1.44⅛, and August $1.46 to $1.45⅞ were followed by moderate upturns all around.

High temperatures in the southwest and the lack of rainfall there led subsequently to a decided further advance. The close was strong 1⅞c to 2⅛c net higher, with July $1.45⅞ to $1.46, and August $1.47⅞.

Throughout the session lowed quotations on hogs failed to offset the strength of grain.

Revived export demand strengthened oats The fact that the crop is at a critical stage seemed also to make sellers cautious. After opening ⅛c off to ⅛c advance, with July 71⅛ to 71¼, the market scored material general gains.

Provisions rose with corn. Offerings were light.

ORIGIN OF FIRE IN SULLIVAN MYSTERY

Sullivan, June 19—The work of getting the safes out of the fire ruins of the McDonald buildings was started Tuesday afternoon. Papers and other valuables in the safes were found to be in good condition

In the Arcade building adjoining the buildings which burned on the west, new window frames and panes will have to be placed in all of the windows. The same repairs will be necessary in the Merchants and Farmers' State bank building.

The fire doors probably saved the building but still did not stand the heat as well as they should. It was understood Tuesday that few of the business places which burned will start up again. However they have not definitely decided on this.

No conclusion had been reached up to Wednesday noon as to how the fire originated but it was thought that the explosions heard just before the fire was discovered was a five gallon can of gasoline in the butcher shop.

BIG MEETING OF MANUFACTURERS

Will Be Held in Decatur to Formulate Plans for Securing War Contracts—Seven Counties in This District.

W. M. Wood, yesterday at Chicago appointed temporary chairman in charge of securing war contracts for Macon and six other adjacent counties, is rapidly formulating his plans. A meeting of all the manufacturers in the seven counties will be held in Decatur within the next week at which time a permanent organization of the district will be perfected and an estimate as to the total amount of war work that can be done will be prepared.

This will be one of the most important war meetings held in Decatur since this country first took up arms. The six counties besides Macon which will be represented and which are included in the tenth district, of which Mr. Wood is temporary chairman, are Piatt, DeWitt, McLean, Logan, Cass and Menard. Decatur, of course, is the most important manufacturing city in the seven counties

WILL COMPILE FIGURES.

At the Decatur meeting, a permanent chairman of the tenth district will be chosen and an executive committee named. The business of this committee will be to develop further plans along the lines of discovering what the district can do in the way of handling war contracts. It will then see that this information is put before the proper authorities in Washington with the idea that this district shall be given all the government work possible.

Mr. Wood is already at work tabulating the various industries in the seven counties which manufacture castings, forgings, clay products, machinery and machine products, textile and clothing, wood and leather, engineering and automotive products. Practically all Central Illinois manufacturing products would come under these headings.

20 ZONES IN U. S.

In order that the government's war contracts be more fairly and adequately divided, the country has been divided into twenty zones under the direction of the War Industries Commission. Chicago is the headquarters for Zone No. 9, which includes all of Iowa, the north half of Illinois from Decatur northward, and the north third of Indiana.

Two hundred men from the three states, selected by the various Chambers of Commerce, held a meeting yesterday at Chicago. At this meeting, a committee was appointed to select three committees of seven men from each state. These state committees then selected the temporary chairmen of the districts. T. E. O'Brien, president of the Leader Iron Works of Decatur, was one of the Illinois committee of seven. W. M. Wood was then selected temporary chairman of the Decatur district. The duties of the committee of seven were ended when they had selected the temporary chairmen.

Besides Mr. Wood and Mr. O'Brien, the Decatur men present at the Chicago meeting yesterday were Frank Ives, Irvin Sibley, E. P. Irving, L. C. Gray and H. W. Averitt.

ANOTHER MEETING.

Another meeting is to be held at Chicago on June 27 of all the permanent chairmen elected in the various districts and the new executive committees from each district. At that meeting several names will be recommended to the authorities at Washington for appointment as permanent chairman of zone No. 9. So far as is known, none of the positions in the War Industries commission carry salaries.

NO AGENTS HERE

"There has been a good deal of talk about agents getting commissions out of war contracts," said W. M. Wood, Wednesday. "I think I can safely say that no Decatur manufacturer who has war contracts has done business through an agent. We have all got our contracts directly from the government."

OLD SHOES AT OVER TOP SALE

Articles Which Will Help Red Cross.

Wanted – Some old clothes and shoes

No, this isn't an advertisement, but merely a statement of one of the wants of the Over the Top shop at 116 East Prairie street.

Some people have had the idea that old clothes were not acceptable at the shop, but they will be gratefully received the same as any other gifts. The women in charge of the shop could dispose of old clothes and shoes, as they are receiving calls for such articles. Any one who has anything in that line which is in proper condition should take it to the shop to add to the stock.

One does not have any idea of the big variety of articles which can be found at the shop, until he makes a visit to the place and takes a look around. Among other articles there are now on hand for sale several washing machines, including one hand-power and one electric.

ELKS LADIES IN CHARGE.

One Saturday of this week the Elks Ladies will have charge of the bakery sale at the shop, and on the following Saturday the Mothers' clubs will be in charge

Everyone who contributes anything to a bakery sale should remember that this shop adheres strictly to Hoover's rules and anything in the line of bakery goods donated should be in accordance with the food administration's rules. People who are willing to provide articles for the bakery sales should be patriotic enough to abide by the government's conservation plans

FELLOWSHIP CLUB AT FARIES PARK

Linn and Scruggs Party Has Enjoyable Time.

The Linn & Scruggs Fellowship club which had a delightful picnic at Faries park, Tuesday evening. About thirty-one members were present. The time was devoted to bathing, fishing, boat riding, games and dancing. Mrs. Walton served an excellent picnic supper. There was only one complaint made during the entire evening. After it was all over one young lady complained that she was unable to get enough of that "home-made" ice cream.

RASPBERRIES ARE ALL BURNED UP

J. B. Greenwood Loses 70 Crates by Hot Weather.

J. B. Greenwood of Graceland avenue states that his crop of raspberries is almost a total loss. Owing to the hot weather there are practically no berries on his vines. Mr. Greenwood says:

"I had eighty crates last year off of the patch but I do not believe I will have a dozen crates this year. There are at least seventy or seventy-five crates burned up and ruined that will not be worth picking."

MEETINGS.

Central [illegible] No. 430 [illegible] meeting in the K. of P. [illegible] of Main and William streets Wednesday evening at 8 o'clock. Initiation and refreshments.

MANY MORE MEN SEEKING JOBS

At Office of Federal Labor Employment Bureau.

There is a constant stream of men coming to the office of the federal labor employment bureau and since the enactment of the "work or fight" law or rule or whatever it is called, the calls of men engaged in what are now termed non-war positions such as clerks and the like, have increased very greatly.

"Men who are studying the situation," said Thomas B. Davis who is in charge of the bureau "are trying to figure out how the re-adjustment is sure to come after the war is over to be made with the least economic disturbance to the country.

"It is recognized that we cannot keep on pouring men into one part of the country without disturbing the labor equilibrium. How to restore it with the least friction later is a problem which is already being studied by social students."

GIVES INFORMATION ABOUT COUPLE

Denver Man Tells State's Attorney of Real Estate Deal.

Mr. Holliday, the Denver man who was said to be negotiating with Amelia Moore, alias Wright, for a $40,000 real estate deal when the woman was arrested in Iowa a few weeks ago for getting an automobile from C. W. Pistorus of Decatur on a bogus check, arrived in Decatur Wednesday morning and gave State's Attorney J. L. Deck a lot of information concerning the couple. Their case will be presented before the October grand jury.

CHERRIES LAST ANOTHER WEEK

Growers Say Scarcity of Pickers Causes Loss

Home grown cherries will be in season in Decatur most of next week. After that there may be a few crates, but most growers will have picked all of their crop or have lost it. Some say that half the crop will be lost because of difficulty in getting pickers. There never has been a time when there was such a scarcity of pickers. Boys and girls who want to do war work can help materially by applying to almost any fruit grower.

Berries will also be out of the market the last of next week. Raspberries will be out the last of this week. Blackberries are coming on for next week, but are drying up, and without rain there will be so few that there will not be enough to talk about.

DECATUR SOLDIER WEDS AT CLINTON

Noble A. Shepherd and Lois R. Burns Married.

Noble A. Shepherd of Decatur, soldier in the U. S. army and now stationed at El Paso, Tex., and Miss Lois R. Burns of near Clinton were married Tuesday afternoon at Clinton by Rev. R. L. Cartwright at his residence. Only the immediate relatives of the bride were present.

Mr. Shepherd will leave soon for El Paso. His bride will remain with her parents at her home near Clinton till the close of the war.

Picnic At Faries Park.

The Triangle Mission Circle of the Central Church of Christ, held a picnic Tuesday at Faries park. A picnic dinner was served in the Auer cottage, which they made headquarters. There were about thirty in the party. They returned to the city at 6 o'clock after having spent a most enjoyable day.

DR. M. P. PARRISH'S SON IS INJURED

John Parrish Run Over by Staley Truck.

HE SAW A $10 BILL

And Jumped in Front of Huge Machine.

Chasing a ten dollar bill proved nearly fatal for John Smith Parrish, son of Dr. and Mrs. M. P. Parrish, Wednesday morning when he was run over by the big Staley truck from which he had just jumped. As a result he had both legs broken and was otherwise injured.

HELPER ON TRUCK.

Since coming home for the vacation season from the Kentucky Military institute, which he had been attending, the boy had been working as a helper on the truck for the Staley company. The truck was out on a trip, with a heavy load of freight, and the boy was riding on it, as it was a part of his duties to help unload the freight from the truck.

As they were passing the corner of First and William streets the boy noticed a ten dollar bill in the street, evidently dropped by a boy who had just been to the grocery store at that corner. Without waiting for the truck to stop John jumped off to get the bill. He fell in front of the truck, which could not be stopped in time to avoid hitting him. There was a heavy load on the truck.

TAKEN TO HOSPITAL.

The boy was taken in Moran's ambulance to St. Mary's hospital. X-ray pictures of his leg were taken and he was made as comfortable as possible, though he suffered intense pain. His father attended him.

Lawrence Dillehunt was the driver of the truck. No blame was attached to any one for the accident.

DEATHS.

MRS. RALPH NEWCOMER.

Word came to Decatur yesterday of the death of Mrs. Ralph E. Newcomer at London, Ontario. Both Mr. and Mrs. Newcomer are known to many Wabash people in Decatur. Until about a year ago Mr. Newcomer held an important clerical position in the office of General Manger, S. E. Cotter of the Wabash. He left there to go to the Grand Trunk as trainmaster.

The funeral of Mrs. Newcomer will be held from the home of her parents in St. Louis.

JOSEPH T. FULK.

Joseph T. Fulk, an old and highly respected resident of Macon county, died Tuesday at his home in Long Creek. He was seventy-eight years old. His death was due to a complication of diseases, after a long illness.

Mr. Fulk was born in Owen county, Ind., June 7, 1840. He came to Macon county fifty-six years ago and had made his home here ever since. He was well known and had many friends.

Mr. Fulk is survived by his wife and four children, C. B. Fulk, L. G. Fulk and E. A. Fulk, all of Mt. Zion township and W. A. Fulk of Paonia, Colo. He also leaves one sister, Miss Amanda J. Fulk of Mt. Zion.

Announcement of the funeral awaits the arrival of W. A. Fulk of Colorado.

FUNERALS.

MRS. MARY E. KING.

The funeral of Mrs. Mary E. King was held at 5 o'clock Tuesday afternoon at St. John's Episcopal church. There was a large attendance, and many beautiful floral tributes were sent. The services were conducted by Rev. Mr. White of Lincoln.

The music was furnished by the regular choir of the church.

The flowers were in charge of Miss Sophie Halleck, Mrs. Frank Curtis and Mrs. George Wheelhouse.

The pallbearers were Guy Scovill, Frank Curtis, T. E. Tyler, George Wheelhouse, Bering Burrows and George A. Stadler. The interment was in Greenwood.

MRS. ELIZABETH M'GOWAN.

The funeral of Mrs. Elizabeth McGowan was held Tuesday afternoon at the family residence, 1303 North College street. The services were conducted by Rev. N. M. Rigg, pastor of Grace Methodist church. There was a large attendance. The music was furnished by Rev. and Mrs. Rigg.

The flowers were in charge of Mrs. Harry Prescott, Mrs. C. C. Moore, Mrs. Lou Schario, Mrs. W. H. Lehman and Mrs. Susan Peniwell.

The pallbearers were C. C. Randolph, F. G. Stewart, A. W. Shade, T. J. Lindsey, Lou Schario and Harry Lathrop. The interment was in Fairlawn cemetery.

W. L. OAKES.

The funeral of W. L. Oakes will be held at 3.30 Friday afternoon at the residence, 444 South Webster street. It will be conducted by Rev. T. Harley Marsh, pastor of the First Baptist church.

Mr. Oakes was a member of the First Baptist church, and also of the M. W. A.

J. T. FULK.

The funeral of J. T. Fulk will be held at 10 o'clock Thursday forenoon at the Antioch Christian church. The interment will be in the North Fork cemetery.

DECATUR SOLDIER SICK AT CAMP

THEODORE BIELINSKI.

A message received Monday by relatives here stated that Theodore Bielinski, one of Decatur's national army men at Camp McArthur in Texas, had undergone an operation last Saturday for appendicitis. Just how serious his condition was, the message did not state, but his mother, sister and wife left immediately for his bedside.

LIEUT. CATLIN'S BROTHER DROWNED

Albert Catlin Meets Death in Illinois River.

Friends of Lieutenant Joseph Catlin, now stationed at Camp Grant, will regret to hear of the drowning of his brother, Albert Catlin of Springfield, while in bathing at Havana Tuesday morning.

Catlin was a good swimmer but was evidently seized with cramps. He had only been in the water a few minutes when he yelled for help. His father and several others attempted to reach him with a boat, but failed. They saved Margaret Kunz, a Springfield girl, who was in swimming with him at the time.

The drowning occurred near Chautauqua park directly in front of the Springfield club house. It was 10:15 when it occurred, and the body was recovered at 12 o'clock. The water was twelve feet deep at the point where he sank.

Catlin was twenty-seven years old. He is survived by his parents, his brother, Joseph, a brother, John and a sister, Pearl. The father, mother and sister were on the bank when he went under the water.

MISS RICHARDS IS NEW SCHOOL NURSE

Monticello Woman Gets Decatur Appointment.

Miss Mayeda Quinlin Richards has been appointed school nurse of the Decatur schools to begin work next September.

Miss Richards' home is in Monticello and she has had three years training in the Cook county hospital, was superintendent of the hospital at Woodstock, Ill., served as assistant night superintendent at the Cook county hospital, and later spent three years in private work at Cedar Rapids, Ia.

REGISTERED NURSE.

She is a registered nurse of good training and experience and she will take up the work which was handled in Decatur in past year by Miss Emeline Frey and before that by Miss Anne Trumble, now Mrs. Ross Patterson of Monticello.

HISTORY TEACHER.

Miss Mary Louise Frederick of Columbia, Mo., has been engaged as a teacher of history in the Decatur high school beginning next fall.

Miss Frederick is a graduate of the University of Missouri and has had three years of teaching experience in high school work.

Miss Frederick comes highly recommended by the university and by the superintendent under whom she taught. She was recently offered the superintendency of the public school in Lancaster, Mo., but declined as she preferred to teach history the specialty to which she had given considerable study.

LOCAL BANKERS AT CHICAGO

Gorin, McGaughey and Kenney Attend.

O. B. Gorin, president of the Millikin National bank, A. M. Kenney, president of the Citizens National Bank and W. R. McGaughey, cashier of the State Bank of Mt. Zion, were in Chicago the first of the week attending a meeting of bankers of the Seventh Reserve district.

Mr. Gorin and Mr. McGaughey are official representatives of the county on the certificates of indebtedness and the meeting was called primarily to consider the new $6,000,000,000 issue of these securities.

Mr. Kenney was called to the meeting because of his relation to the Liberty Loan quotas and campaigns. Between 400 and 500 bankers were in attendance and the meeting was held at the Garrick theater where talks were made by members of the Federal reserve board.

These certificates are to carry 4½ per cent interest and they will be issued every other Tuesday, beginning June 25, during the summer. These certificates are being issued in anticipation of the fourth Liberty Loan which will be put on early in the fall.

LAWRENCE ROTZ AND MISS LUDWIG

Well Known Couple Will Be Married Tonight.

Lawrence Rotz and Miss Lelah Ludwig will be married this evening at 7.30 at the home of the bride's mother Mrs. George Pringle, 1171 West Green street. Rev. J. R. Golden will perform the ceremony which will take place before a bank of ferns. The house will be decorated with roses. Miss Elizabeth Turpin will play the wedding march. A two course luncheon will be served. The wedding cake was made by an aunt of the bride, and pieces of it will be sent to friends who were unable to attend. About fifty relatives and friends will be present. The bride's gown is of white satin and georgette crepe embroidered in beads. She will carry a bouquet of roses.

Immediately after the wedding the couple will leave for Burlington, Ia., where they will visit for a week or two. They will make their home at Newman, where Mr. Rotz will teach manual training. Both young people are graduates of the class of 1916 of the Decatur high school. Mr. Rotz attended Millikin and is a member of the Kapa Delta Chi fraternity. Miss Ludwig has been teaching school for the past two years.

RED CROSS ASKS FOR 600 MORE

In addition to the quota of 1,000 sweaters which the Macon county chapter of the Red Cross is to have completed by July 1 the headquarters office has been asked for 600 more by the last day of August.

FIRST WOMAN SOLDIER IN CITY

Mrs. Baird, Medical Lieutenant, Here on Visit.

SHE WEARS UNIFORM

Attracts Much Attention on the Streets.

Lieut. Ollie Josephine Baird, the first woman to be admitted into the U. S. army from Michigan and one of the first four in the country to enter the service, arrived in Decatur at noon today to visit her daughter, Miss Olive Prescott. Lieut. Baird was not welcomed by the Red Cross canteen workers assembled on the station platform nor was she offered cigarets and chewing gum, but when she stepped from the train in the full uniform of the United States army with campaign hat she attracted more attention than a train load of troops that had just arrived by the Wabash.

It must be admitted that she was entitled to the attention. She was not only the first woman in official khaki (or may be it was olive drab) but she was distinctly natty and distinguished in appearance. She was met at the station by her daughter and a few friends and will make her home with her daughter near Long Creek where Miss Prescott has a war garden. She will stay here for a few days to rest and recuperate before going into active service.

SAME AS OFFICERS.

If Lieut. Baird were Dr. Baird or Mrs. Baird, a mere reporter would not presume to describe her clothes but as a lieutenant in the army he may venture. As has been said she wears the regulation army olive drab of the same material that officers' uniforms are made and, as far as possible of the regulation cut. She wore a skirt, of course, and the close buttoned jacket with the military collar. The buttons were of bright silver instead of the dull bronze of the U. S. army. The shoulder loops were devoid of bar or other insignia of rank.

A man would have worn the gold or silver bar depending upon whether he was a first or second lieutenant. But women army surgeons are not yet permitted insignia of rank. Something of the kind is to be provided very soon. On her collar she wears the winged corkscrew of the army medical service, or as it appears on closer inspection to be winged serpents intertwined. This device also bears a star and the letters, "U. S."

The campaign hat does not differ in any particular from the campaign hat of other officers. The black and gold cord with the gold acorns signify the commissioned officer and the leather chin strap makes the hat pin an unnecessary evil. The hat is dented in the crown in quite the army style and is worn jauntily, tilted a trifle to one side of the head.

Lieut. Baird, so far as one could determine without the display of vulgar curiosity wore high laced, neat fitting tan shoes, not army shoes by any means, nor yet the boots worn by officers in some branches of the service but femine lace boots. There was neither puttee, canvas legging nor leather. The ensemble was a military appearance that could not be mistaken.

IN ANESTHETICS.

Lieut. Baird has been practicing at Mt. Clements and Detroit, Mich. In preparation for her army work she took a special course of training at the Mayo hospital, Rochester, Minn., which has been turned over to the war department for this purpose. Her special work at Rochester was in anesthetics. She was one of the first five to be admitted for this army course at Rochester.

IN DECATUR ON AUTOMOBILE TRIP

Rev. and Mrs. Ernest Reed of Kiethsburg in City.

Rev. and Mrs. Ernest Reed of Kiethsburg are in the city on a motor trip through Central Illinois. Mr. Reed is pastor of the Christian church at Kiethsburg. He formerly traveled for the circulation department of The Review and is well known in Decatur and vicinity. Their motor trip included Keokuk, and Peoria and they leave here for Weldon.

Adelphian Bible Class.

The Adelphian Bible class of the East Park Baptist church will have a picnic Friday at Fairview park. The members will meet at the transfer house at 10 o'clock, and will take their lunch with them. All the friends of the class are invited.

ARTIFICIAL LEG OUT ON APPROVAL

Young Man Calls at Red Cross Headquarters and Gets Appendage.

That artificial left leg which was given to the Red Cross Tuesday is now "out on approval."

A young man came in Tuesday evening as soon as the story was printed looking for a right leg and wondering if this one would not do. He found that he could not use it and before he had been gone long another young man came in who really needed a left leg. He lost his own left leg below the hip, and for four or five years had been trying to save enough money to get an artificial limb but found them so very expensive that he could never quite get enough together. He is a hard-working young man and was glad of a chance to get the artificial leg and is hoping that he can make use of it.

The leg is one of those jointed, expensive affairs but the young man was told that there would be no charge for it as the Red Cross did not sell things but if he later saw fit to remember the organization so that he might thus help some one else, his donation to the cause would be acceptable.

Scraps of News

FROM CROWLEY, LA.

Fifty-one female alien enemies had registered up to Wednesday noon at police headquarters. Mrs. F. H. Bachman is assisting the other volunteers in making out the questionaires.

24TH ANNIVERSARY.

Today is the twenty-fourth wedding anniversary of Mr. and Mrs. E. P. Irving.

NEW RULE ON CANNING SUGAR

Grocer Decides If He Can Sell It.

About two weeks ago it was announced by the Illinois food administration that persons wanting a second 25 pounds of sugar for canning might have it if they secured the approval of the township food administrator.

GROCERS DECIDE.

Tuesday it was decided by the Illinois food administration that the grocer should decide himself whether or not he would sell a second 25 pounds and that he need not put the matter up to the local administrator. The sugar is charged to his allotment as made by the sugar committee at Chicago, and it is for him to say whether or not there will be enough for him to sell sugar in larger quantities than two pounds for the city and five pounds for the country.

SUGAR SCARCE.

Reports received at Chicago show that more sugar is being distributed by retailers in Illinois than last year, and it will be necessary for some one to do some curtailing. The food administration is leaving it to the grocers to keep within their allotments. If they do not some will be out of sugar. Some wholesalers in Chicago are already out.

Social at Oak Grove School.

A social for the benefit of the boys from that district who are now in service will be given at the Oak Grove school house, one mile west of town on the Grand avenue road, Friday evening, June 21. Serving will begin at 8 o'clock

All Day Sewing.

The Western division of the Grace Methodist church will have an all-day Red Cross sewing on Thursday at the church.

DR. A. C. FOSTER DIES SUDDENLY

Veteran Physician Victim of Apoplexy.

FOUND BY HIS WIFE

Stricken at 7 O'clock and Died at 10:30.

Dr. Alva C. Foster, well known physician of Decatur and Macon county for the past 40 years, died suddenly at the family residence, 961 North Union street, this morning at 10:30 o'clock.

Dr. Foster was in his usual health last night, and early this morning made a professional visit, returning home about 5 o'clock. He retired for a short rest, but when his wife called him at 7 o'clock he was lapsing into unconsciousness, the result of a stroke of apoplexy. His son, Professor Guy K. Foster, wife and daughter, of Youngstown, Ohio, who have been visiting here this week, and two daughters, Mrs. Roy B. Zeigler and Mrs. Olive L. Ryder, who had been quickly summoned, were at the bed side when he died.

BORN AT CARLINVILLE.

Dr. Alva C. Foster was born Aug. 27, 1847, at Carlinville, Macoupin county, Illinois. He was a student at Kentucky university, while a young man, and later graduated from the St. Louis College of Physicians and Surgeons in 1880, and has been a practicing physician in Central Illinois since that date.

He was united in marriage March 7, 1878, to Sarah Anna Harris at Concord, Ill., to which union were born five children, four of whom survive. They are Professor G. K. Foster, Youngstown, Ohio, Mrs. W. R. Lee, Minneapolis, Minn.; Mrs. Olive L. Ryder and Mrs. Roy B. Zeigler, both of Decatur. His first wife died in 1910, and he was married to Mrs. Elizabeth Phillis of Decatur, in March, 1912. She also survives him.

Dr. Foster was not only a well known physician, but was a leader in the First Christian church activities.

WOMEN DECLARE TESTIMONY FALSE

And They are Held on Charge of Perjury.

Mrs. Eva Booker Lyons and Miss Irene King sprang a sensation in the circuit court Wednesday forenoon when they testified that the testimony they had given before the grand jury and on which an indictment was returned against James Booker, father of Mrs. Lyons, for incest, was false.

The jury too had been secured to try James Booker and the two younger women were the principal witnesses for the state. They declared that the acts complained of in the indictment were not true. They admitted having testified before the grand jury, as to those facts, but declared that they had testified falsely. Mrs. Lyons said that the reason she testified as she did before the grand jury was that she was scared. Just what scared her was not made plain. She said a young man named Jerry Ward and an Old woman named Rebecca Eaten had told her to swear out a warrant for her father.

ON PERJURY CHARGE.

Under the circumstances there was nothing for State's Attorney Deck to do but nolle the case against Booker, and then Judge Whitfield had the two women taken into custody by Sheriff Tandy on bench warrants charging them with perjury. It looks very much as though they would go to the penitentiary.

Booker was arrested some time ago and his wife died while he was in jail.

NANCY KIPP FINED.

Nancy Kipp, who pleaded guilty to selling liquor and asked for probation, was released by Judge Whitfield, who fined her $50 and costs and gave her twenty days in the county jail.

TORE UP TRACK FOR TWO BLOCKS

Burned Off Journal on Wabash Freight Causes Damage.

The burning off of a journal on a Wabash freight car resulted in considerable damage on the St. Louis branch in the west end yards Tuesday night. The journal dropped off in flames just south of the viaduct on West Eldorado street. A short distance north of the viaduct the trouble started.

First, a switch was torn out and from that point on to Monroe street, about two blocks, ties were torn out, bolts fastening fish plates were clipped off, many pieces of broken and bent steel was scattered. At Mercer street, one car unloaded its cargo of heavy timbers and just west of Monroe street, a box car and and flat car loaded with lumber, turned over on the right of way. Fortunately, the south bound main was not hurt any and trains had to be brought in over that line

Workmen put in the night cleaning up the wreck and fixing the track. The train a rather heavy one was traveling at a good rate of speed and was some time in getting stopped. Several people gathered in a few minutes notice to look over the wreck. The part of the wheel next to to where the journal burned off was so hot for a long time that it could not be touched.

Fraternal Spiritualists.

The Fraternal Spiritualists will hold a meeting at the home of Mrs. Lora M. Bott, 731 North Monroe street, this evening at 8 o'clock.
